Ask for a **Ride**

in the Red Rocket demonstrator... learn what fine performance this low-priced six provides

Hail the driver of the car with the **RED ROCKET**. Ask to ride in and drive this New Series Pontiac Big Six. Learn what splendid performance Pontiac now provides.
SPEED, PICK-UP, POWER—Pontiac's high speed, quick pick-up and abundant power for climbing are made possible by its sturdy 60-horsepower engine, with 200 cubic inches piston displacement. It is the largest engine in any six of Pontiac's price.
UNUSUAL SMOOTHNESS—This engine is also unusually smooth due to new type rubber mountings—a more rigid crankcase—and the Harmonic Balancer which overcomes torsional crankshaft vibration.

EASY RIDING and DRIVING—Pontiac's riding ease is increased by Lovejoy Hydraulic Shock Absorbers (standard equipment at no extra cost), and by large, comfortable Fisher bodies. Driving too is easier and safer due to Pontiac's new steering system acting on roller bearings and its new non-glare windshield.
Ask to drive the car with the **RED ROCKET**. Or come to our salesroom and receive a special demonstration. You'll find this finer Pontiac an exceptional "buy" at its low price.

Prices are f. o. b. Pontiac, Mich., plus delivery charges. Sixty standard equipment. Bumpers and spring covers at slight extra cost. General Motors Extra Payment Plan available at minimum rate.
Consider the delivered price as well as the list (f. o. b.) price when comparing automobiles. Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.
