Better Safe Than Sorry

What does it profit a man if he lay up riches for himself, only to lose them through thievery, fire or the numerous risks that beset the Bureau Drawer Bank. Our vaults, sa s and

Constant Safeguards

afforded our depositors give you safety for your money and you can always get it when you are in need. Why not be safe with no chance of being sorry? Come and open an account with us.

Farmington Exchange Bank (A STATE BANK)

Fred M. Warner, Pres. Sam'l D. Holcomb, Vice Pres.
M. Byron Pierce Harry N. McCracken
C. W. Wilber, Cashier.

BUSINESS EDUCATION

Gradually the authorities in our educational matters are coming to appreciate the value of a thorough business education. It is now seen that a knowledge of business methods and customs is of more practical value to the average young person than a full course in the dead languages or even higher mathematics. The graduates of the well known Detroit Business University, which for more than 60 years has been giving a splendid training for business pursuits have been active in advancing the claims of business education and of this particular school. This has much to do with the fact that this institution is everywhere regarded as the pioneer and the par excellence today among business training schools.

HOME MAKING

The first step in buying or building a home is the Savings Account.

Everybody should have a home of his own.

A savings account with this bank, with regular deposits from the income, will provide the money for the first payment upon one.

The sooner you begin, the sooner you will live in your own home.

UNITED WE STAND DIVIDED WE FALL

Republican Party Goes Down to Defeat in One of the Greatest Political Landslides in the History of the Country.

The inevitable happened. A house divided against itself cannot stand. The big split in the Republican party effected the Democratic ticket and did it with "neatness and dispatch." Woodrow Wilson will be the next president of the United States. Before the ballots were half counted throughout the country that much was evident and the other candidates gracefully conceded it and sent their congratulations forthwith.

It is also quite evident that both houses of congress will be Democratic, which is a good thing in order that the administration may be unhampered in carrying out the policies which the people by their ballots have demanded.

That we shall now have a taste of free trade there is no doubt and the result will be awaited with much interest and also with considerable anxiety.

Besides the president the Democrats have secured control, with a good working majority, of both houses of congress.

Felix is to be governor of Michigan and probably the whole Democratic state ticket is elected.

Reports are still, at this writing, too conflicting to base a prediction on congressmen, but it is very probable that Kelley is chosen for congressman-at-large, Doremus is returned from the first district, but it seems quite likely that Congressman Sam Smith is defeated in the sixth district.

The whole Republican county ticket was elected in both Wayne and Oakland counties.

Farmington township gave 141 for Taft, 135 for Roosevelt and 88 for Wilson.

Redford gave a Bull Moose majority of eight, but on county ticket returned loyalty to the Republican county ticket again only in case of circuit court commissioner E. Ed. Minock, a home candidate, a rousing vote.

It was a landslide to Democracy from East to west and from north to south.

Late returns indicate that the Woman's Suffrage measure carried in Michigan. The large cities voted against it, but the voters in the smaller towns and rural districts saved the day for the women.

A Clothes-Pin Social

Everybody is invited to attend a clothes-pin social given in the Thayer school house, one mile north of Powers Station on Friday, Nov. 15. Now, girls, it's up to you to do the work before, but the boys furnish the "dough." Girls, dress two clothes-pins up, as dolls and prepare a lunch for "Dollie" to take to the social. Dress the dolls alike and keep one yourself and sell the other, so as to find your partner. Boys, now be there with your money for the doll you buy is only a slight resemblance of the doll you eat supper with. Eggs will be at the station to take those to the social who arrive on the 7:00 o'clock car going west and the 7:30 car going east.

Cemetery Association Day

The gross receipts of the Cemetery association day were \$71 with \$6.00 expenses. The association committee wishes to thank Lee & Gady of Detroit, who through their local agents, F. L. Cook & Co., donated their best brand of coffee for the occasion.

FREIGHT TROUBLES

D. U. R. Working Hard to Move the Heavy Traffic on the Orchard Lake Division

That the D. U. R. must, in some way, enlarge their facilities for freight transportation, on the Orchard Lake division is quite evident. They were completely blocked this week and from Saturday until Wednesday no freight what ever came out from the city. On the latter day it was reversed and freight went towards the city while the company made strenuous efforts to clear the freight houses of freight consigned to points along the line. Some goods were shipped by express in cases where it was imperative that they get through, and in other cases automobiles were pressed into service. For some time the railway company has been pressed to the limit to promptly care for the freight business of this line and delays have often occurred yet the utmost endeavor has been made to properly care for the business.

If the time should ever come when the city of Detroit can rise above its cheap politicians and take the street railway question away from them and treat it in a purely business way, by real business men, then we can expect this great business to grow and develop as it should. At present it is only used as a club to scare voters, first one way, then another, until the same element is nearly driven frantic.

The present method is working great harm to the city and to the surrounding country and will continue to do so until the real business men of the city rise up in their wrath and put a stop to the disgraceful affair.

Were Counting for Long Hours

The election inspectors earned their stipend this year. In nearly every precinct they worked all night and some were obliged to continue over well into Wednesday in order to complete the count and fill out the blanks for the returns. Many of the boards disregarded the law which says that the amendments shall be counted first and they were left to the last.

There was so much splitting done that the work was very tedious, even to the onlookers, many of whom waited until a late hour in the hope of getting some tangible information regarding the result.

A Good School

A reputation for thorough work and successful graduates maintained for fifty years, and increased in the adoption of the newest and best methods of office training from term to term, have brought to the Detroit Business University, 65 Grand River Ave. West, the largest attendance this year ever enjoyed by this reliable business training school.

Regular Meeting of the Guild

The regular monthly meeting of the Farmington Guild will be held Monday evening, Nov. 11, at the home of Miss Emma Schroeder. Everyone come and have a good time. Refreshments will be served and a fine entertainment is being prepared.

Schroder in Los Angeles

A card from L. C. Schroder announces their safe arrival in California and gives their address as 3529 Moneta ave, Los Angeles, where they have rented a cottage and admit that they like the country.

Mrs. J. Turner was a Northville visitor Sunday.
