

### Visitors Give Alarm Of Fire Just In Time

Wednesday evening Mr. and Mrs. A. Carsons, coming in S. J. Blomfield's drive at Walled Lake saw a pillar of flame in the living room, of which Mrs. Blomfield was totally unaware, as she was preparing dinner.

The fire started from some papers in the stove, someone apparently having thrown a match

which ignited the papers. Damage was nominal though Mrs. Blomfield lost a valued Navajo rug which had been placed over the unused stove as a throw.

### Bullets Bounce Off Head

Warsaw, Mo.—H. A. Beyer, 80, farmer, fired five bullets from a pistol at his head. Four bounced off and one entered the scalp. It was taken out by a doctor who found it flattened to the size of a 25-cent piece.

### ELECTION NOTICE

Election Notice to amend the Charter of the City of Farmington.

To the Voters of the City of Farmington: An election will be held Monday, July 21, to amend the Charter of the City of Farmington as follows:

RESOLVED: That the Charter of the City of Farmington as adopted on February 16th, 1926 be amended as follows:

Section 25, under Finance and Taxation which reads as follows: The Commission is hereby prohibited except as herein otherwise provided, from borrowing any money, or authorizing the creation of any liability or indebtedness against the City, in any one year, exceeding in the aggregate the amount of one-half of one per cent of the assessed valuation of the property of the City; nor shall it be lawful to create an indebtedness from time to time to exceed five per cent of the then assessed valuation of the property of the City;

To be changed to read as follows:

Section 25. The Commission is hereby prohibited, except as herein otherwise provided, from borrowing any money or authorizing the creation of any liability or indebtedness against the City, in any one year, exceeding in the aggregate the amount of two per cent of the assessed valuation of

the property in said City, nor shall it be lawful for said City to ever create an indebtedness existing from time to time to exceed ten per cent of the assessed valuation of the property of the preceding year;

And a new paragraph to be added to read as follows:

25-A. "The City Commission may borrow money on the credit of the City and issue bonds therefor in a sum not to exceed ten per cent of the assessed value of the real and personal property for the purpose of purchasing parks and public grounds and the construction and the erection of all public buildings, libraries, hospitals, almshouses, electric light, gas, water and power plants and other public utilities, bridges, sewers and any other public works authorized by this Charter, provided that at no time shall the bonded indebtedness of the City exceed ten per cent of the assessed valuation of all real and personal property in the City."

The Polls of this election will be open at 7 a. m. and close at 8 p. m. on the day of election.

N. H. POWER,  
City Clerk.

### Plan To Carry 500

New Haven, Conn.—An airplane to carry 50 passengers, with a crew of 106, and to cost \$10,000,000 is being considered by a New York concern, which says it will make the flight to London in six hours.

### Beware Of Paying Out Your Money To Them

Before you give a "cash bond" to an unknown man or woman who advertises from a hotel room offering a "salaried" job—find out if they have enough responsibility to pay the promised "salary."

Before you buy spices, food products or medicine from the agent at your door who says "part of every dollar you spend goes to the support of orphans," find out how many dollars the company gave to the orphans last year.

Before you pay good money to

the peddler for rugs represented to be "orientals," and for lace claimed to be "Irish," get some expert advice as to the quality and value. The story that the gods have been "smuggled" is usually untrue.

Before you obligate yourself in any way at the solicitation of a stranger, get enough facts to enable you to decide that you are dealing with a representative of a responsible concern.

## The Proper Care of Milk

After the milkman delivers the milk to you, it should be brought into the house as soon as possible. The top of the bottle should be washed carefully by holding the neck of the bottle under the faucet and washing with a moist cloth, then drying with a dry cloth. The milk should then be put on ice immediately and kept cold constantly.

Our Pasteurized Milk is always safe.

# THE VALUE OF SOUND DESIGN

*New Ford engine gives outstanding acceleration, speed and power without sacrificing reliability or economy*

The good performance of the Ford car, so apparent on every highway, is due largely to the sound mechanical design of the engine.

It has outstanding acceleration, speed and power, yet that is only part of its value to you. Greater still is the fact that it brings you all these features without sacrificing either reliability or economy.

That is the reason the Ford car has given such satisfactory service to millions of motorists all over the world and has been chosen by so many large companies that keep accurate cost figures. In every detail of construction it has been carefully planned and made for the work it has to do.

The design of the compression chamber is an important factor in the efficiency of the Ford engine. It is built to allow free passage of gases through the valves and to thoroughly mix the fuel

by producing turbulence within the cylinders during compression. The spark thus flashes quickly through the whole fuel charge, resulting in quieter and more effective engine performance. Other factors are the direct gravity gasoline feed, the specially designed carburetor, the new hot-spot manifold, aluminum pistons, chrome silicon alloy valves of larger diameter, statically and dynamically balanced crankshaft and flywheel, the simplicity of the electrical, cooling, lubrication, and fuel systems and accuracy in manufacturing.
