Yesterday it was a home. Today it is a mass of smouldering ruins.

Fire insurance would rebuild and refurnish that home, but the owner had neglected to take out a policy.

### CANDIDATE

G. DEWEY KIMBALL  
FOR CORONER

Establishment of an Oakland County morgue, thus eliminating the office of county coroner as a possible source of embarrassment in the selection of an undertaker, is the promise of G. Dewey Kimball, of Birmingham, who, this week announces his candidacy on the Republican ticket at the September 9 primary election. Mr. Kimball, for 23 years a resident of Oakland County is a funeral director in Birmingham.

Mr. Kimball says:

"I have found that, in certain

cases, the survivors of some person fatally injured are met with embarrassment when they select a funeral director to officiate for a loved one, and I propose to remove the source of this embarrassment by instituting a morgue," stated Mr. Kimball, who, incidentally, is 32 years of age, and married.

Mr. Kimball's plan would place the county morgue outside of a funeral director's own establishment, he states.

He is a member of the American Legion, Veterans of the World War, Masons, Knights of Pythias, and Lions Club.

## RELIABILITY ECONOMY Good PERFORMANCE

THE NEW FORD TUDOR SEDAN

YOU are buying proved performance when you buy a Ford. You know it has been built for many thousands of miles of satisfactory, economical service.

Letters from users in every part of the world show the value of the sound design of the car, good materials and accuracy in manufacturing. You sense a feeling of sincere pride in the oft-repeated phrase—"Let me tell you what my new Ford did."

Further tribute to the sturdiness, reliability and general all-round performance of the new Ford is shown in the repeated and growing purchases by government bureaus, by police departments, and by large industrial companies which keep careful day-by-day cost records. In most cases, the new Ford has been chosen only after exhaustive tests covering speed and power, safety, comfort, ease of control, oil and gas

consumption, low yearly depreciation, and low cost of up-keep.

They have found, as you will find, that the Ford embodies every feature you want or need in a motor car at an unusually low price.
