**GIVES A VACATION A NEW FLAVOR**

Vacation plans are likely to be greatly influenced by their cost. Many people have finer vacations—even a trip to Europe—by planning ahead and getting the money beforehand on the easy payment plan. They simply estimate the cost and make small regular deposits in their savings account. There is new zest in a vacation paid for without effort in advance. We recommend the plan to you because we have seen it work so often. Our friends who have tried it have come back rested, healthy and with glowing tales of a wonderful trip without a single after-regret.
