Canada To Have Large Exhibit At The Fair

Emphasizing its friendly attitude towards the United States, the Canadian Government will be represented at the 81st Michigan State Fair, August 31 to September 6, with a large exhibit. In addition the Dominion Railways are planning to co-operate with special arrangements for Canadians who wish to attend the Fair. It is expected that there will be a large attendance of visitors from across the border, and that at least one of the Dominion ministers will be an official guest on Governor's Day, Wednesday, September 3.

The Canadian exhibit this year will be the most extensive ever attempted by the Dominion Government at the State Fair. In addition to a complete exhibition of all of the grains and agricultural products raised in Canada, a motion picture film will be shown to give Americans a first hand view of the natural beauties of the country. The wonders of the St. Lawrence, shipping on the Great Lakes and the natural grandeur of the mountain scenery in the Canadian Rockies will be among the views to be shown.
