CITY COMMISSION
ORDERS WHEELER
BANNER DOWN

Streamer With Name Of Sheriff Candidate Is Hauled Down Tuesday Morning

The "William A. Wheeler for Sheriff" banner that had flown across Grand River Ave. in Farmington, and had caused a good deal of debate among county and city officials, has been hauled down. On Monday evening the City Commission, as a result of protest by county-road officials, voted to order the banner down. It was removed Tuesday morning by city employees.

Whether the outcome was a victory, defeat or "draw" can hardly be determined, since an order from the Detroit Edison Company stepped in Monday afternoon, complicating the issue.

Commissioner Amos Otis brought the matter before the governing body, saying that county road officials would like to see the banner taken down, and that he believed it would be good policy to accede to their wishes. He offered a motion that the banner be taken down, Commissioner Hutton supporting the motion.

At this point the Commission was informed that the Edison company had ordered the banner removed from their pole on the south side, but it was also pointed out that those who put up the banner might attach it to a nearby building. The Commission then voted without dissent to order the streamer removed.

The American Legion's Gala Day banner was also ordered removed from the Edison pole, it is understood, but will be attached to the Lee-Building instead.

PLANE BURNING,

Pilot Brings Ship Down Safely In Heliker's Field Near Orchard Lake Road

Two hundred people were attracted to a cut-over old field on George Heliker's farm north of the Thirteen Mile Road and west of Orchard Lake Road early Monday evening when a burning airplane, one a woman, escaping injury.

It was the second plane to make a forced landing in that section within a year, without the occupants being injured.

The plane caught fire 3,000 feet up, and the pilot circled over Glen Oaks Golf Club, with his motor missing, looking for a landing place. The occupants were not aware the plane was afire until they had flown west and over the home of Leo Wedyke, half a mile west of the golf course.

Two Ball Games To Be Played Labor Day

Two fast ball games have been arranged for the American Legion's Gala Day celebration in Farmington on Labor Day by Carl Goers. In the morning Novi Merchants will play the Northwestern A. C.

In the afternoon contest, West Point Park, which has a remarkable record in the Down River League this year, will clash with the fast Grosse Point team. The Grosse Point aggregation has won 17 games and lost only two this year.

The Greatest Light Car Ever Built!

THE NEW FORD CAR

It is the cheapest to buy, the cheapest to operate and is bound to depreciate less because it has more Real Quality built into it than any other car in its price class. Why be blinded by claims of superior motors, superior bodies? Come see a Ford, any model, compare its body construction get behind the wheel, step on the gas, compare its pep, its power and smoothness. Anyone can make claims, but it takes a better car than anything being offered in the Ford class to prove to observant people to make such claims stick. Words and assertions don't remove the fact that the New Ford has more piston displacement, more Timken roller bearings, more drop forgings. Claiming to have a superior body doesn't create a steel welded job, with every joining part insulated. Listen to a Ford drive by. Note the absence of squeaks. Come examine the coachwork, the finish, the luxurious equipment on the new Cabriolet Coupe or on the New Town Sedan — then carefully examine cars costing \$500.00 more — that's the way you will learn to appreciate Ford value.
