Break All Records For Horse Pulling

An opportunity to see two world's records broken the same day was presented to the audience which watched the horse-pulling contests supervised by members of the animal husbandry department of Michigan State College at the Hillsdale County Fair.

The new heavyweight record of 3575 is held by a team of Belgians owned by R. F. Langley, of Flint; and the lightweight honors were annexed by a Percheron team whose owner is Wayne Weatherwax, Cement City. The Langley team had broken the Michigan pulling record at two previous fairs but the Percherons had never pulled in a contest before.

A pull of 3575 pounds on the dynamometer is equal to keeping a load of 119 tons moving on a level pavement and is also equal to pulling nine 14 inch plows set five and one-half inches deep.
