## CHRISTMAS SEAL SALE UNDER WAY THIS WEEK

A smiling Santa Claus carry-  
ing a Christmas tree on his  
shoulder and waving a Merry  
Christmas furnishes the design  
for the 1930 Christmas seal, sale  
of which locally and throughout  
the State and nation begins on  
Thanksgiving day.

Sold at a penny each, the seals  
provide practically the entire  
support for the anti-tuberculosis  
work of the Michigan Tubercu-  
losis Association and its affiliated  
county societies. This work in-  
cludes free chest clinics, tuber-  
culosis nursing service, sanator-  
ium campaigns, activities to se-  
cure passage of necessary tuber-  
culosis legislation, and organized  
research into present day tuber-  
culosis problems.

Boy: "Dad, the barometer has  
fallen."

Father: "Very much?"  
Boy: "About five feet. It's  
broken."

News items are always wel-  
come at the Enterprise Office.

Oratory: noise with gestures.

"We invade a new field with vastly  
improved cars at the lowest prices in our history"

BY WILLIAM J. McANEENY  
President, Hudson Motor Car Company

WE have built these models up to and beyond the 1931  
standards of performance and quality in every way, and  
have never in our history offered so many improvements.  
Quality is greater down to the last detail. Every phase of  
performance has been greatly improved, and the luxury we  
have built into the cars is substantially greater than ever  
before. Motors are larger and more powerful. An efficient  
system of oil cooling is introduced. A marked improvement  
in carburetion increases flexibility and economy. Bodies are  
longer and wider. These cars possess the finest, easiest riding  
qualities. For the first time, such comfort is available at  
these low prices. Only great manufacturing economies and  
the fact that our large resources permit us to take the fullest  
possible advantage of reduced commodity prices have en-  
abled us to offer the public the greatest combination of qual-  
ity and low prices in our entire history.

## Owner-Management Permits Exclusive Value Advantages

Owner-management enables Hudson-  
Essex to give you outstanding ad-  
vantages in quality and price. The  
men who are now guiding its destinies  
have been with the company since its  
inception twenty-two years ago. Its  
department heads and principal dis-  
tributors are its controlling owners.  
Their independence is backed by un-  
usually large resources in capital and  
plant facilities. It enables Hudson-  
Essex to lead in design and engineer-  
ing quality. It permits economies in  
manufacture and distribution that  
bring exceptional quality direct to the  
public at distinct price advantages.
