SOUTHFIELD

Two Christmas programs will fill the early part of next week, one to be given Monday evening by the pupils of the John Grace school in the Community building and the other by the Sunday school Tuesday evening in the Community building. A Santa Claus will be present each evening to dispense gifts to the little folks. Everyone is invited to attend.

More than \$100 has been donated to a welfare fund from the combined organizations of S. C. A., the Sunday school, the John Grace P. T. A., and the members of the School Board. A committee has been appointed from each organization to investigate needy cases for which the money is to be spent before Christmas.

Vacation for the John Grace school pupils will begin Wednesday, December 24, and classes will begin again on Monday, January 5.

Russell Redden, son of Mr. and Mrs. James Redden, is expected home this week from Boston, Mass., where he has been for the past three years in the Navy and Mr. Redden has completed his time in the Navy and will remain here indefinitely.

STATE TO GET SHARE

IF GOLD IS EVER FOUND Lansing.—If gold is ever found on state owned land the state is going to get its share of the profits.

The Department of Conservation had drawn up a form of lease to be used in granting individuals or organizations the right to explore for or remove precious metals from state owned land.

The lease system to be used for precious metals is somewhat similar to that used for oil. In order to prospect for gold, silver, or other precious metals on state lands it will be necessary to apply to the Conservation Department and to bid, in competition, for the privileges on certain designated areas. The right to prospect will also carry the right to remove metals found. On all precious metals removed under these leases the state will receive a flat royalty of ten percent of the gross value at the collar of the shaft or the mouth of the pit.

The Prince of Wales helped the American Society keep the day on November 27th in London. He selected Col. Lindbergh and Bobby Jones, the golfer, for special mention.

MANY GAME SEASONS

CLOSE THIS MONTH

Lansing.—December 15, saw the close of three hunting and trapping seasons and the end of the year, December 31, will mark the termination of additional seasons. Monday, December 15, the last of the three zoned racoon trapping seasons closed. The muskrat trapping season for the middle zone, (that part of the lower peninsula north of Townline 16, north), closed on the same date. Muskrat trapping in the southern zone of the state will continue through December 31.

The season on ducks, geese, and brant will close December 31. In the lower peninsula, the rabbit season remains open until January 1. The rabbit season in the upper peninsula closes January 31.

SPEAR LAWS UNCHANGED

Lansing.—The winter season of 1930-31 brings no change in the fish spearing laws and with a year's experience with the spearing regulations there ought to be a sharp decrease in the number of violations of these laws during the next few months, according to the Fish Division of the Department of Conservation.

Spears may be used in the inland lakes during the times when the lakes are frozen. The species of fish that may be taken by spear in the lakes are: pickerel (grass or great northern pike), mullet, suckers, and redhorse.
