Purchase Of Draperies

Topic Of Legion Meeting
A special meeting of the Ladies Auxiliary of Groves-Walker Post No. 346, was held at the Log Cabin Monday, December 15th. A committee of three was appointed by the President to confer with the Legionnaires about buying draperies for the new home. The members present visited the new home after the meeting.

For the children of the World War veterans the Legion Auxiliary is doing a very important work. It is aiding thousands of children every year to receive the necessities of life. Orphaned children are placed in homes where they can receive their rightful heritage of a wholesome American upbringing. Assistance is given to the widows of veterans and wives of disabled men in keeping their families together.

NEW HUDSON BOY WINS ZONE BEE AT WALLED LAKE

Cecil Fisher Outlasts Schoolmate To Win Honors; 3 Walled Lakers Qualify

Cecil Fisher, junior in the New Hudson High School, won the Zone spelling contest at Walled Lake High School Tuesday evening, and with nine others won the right to compete in the finals at Pontiac High School Thursday evening. Pupils of Milford, Commerce, Lyon, Novi, Farmington and Southfield townships participated in the bee. Alice Tandy, also of New Hudson and Dorothy Russell of Walled Lake, placed second and third respectively.

Walled Lake placed three in the finals, Dorothy Russell, Marion Malcolm and Robert Gaffney. Marian Shinn, school champion, and Donald Post, district champion, failed to get in the select list. Daniel Dequet, Clarenceville winner, finished fourth and qualified as did Clyde Loeffert, Milford. Farmington's ship failed to qualify in a ship contest.

The bee was held before a crowd of 300 in the Walled Lake auditorium. The spellers had little trouble spelling the first two lists of words, but when words that they had never practiced on were given the list dwindled quickly until it became a duel between the two New Hudson entrants. Cecil Fisher defeated his schoolmate on the word "hydrangea."

The ten who competed in the finals Thursday are: Cecil Fisher, New Hudson; Alice Tandy, New Hudson; Dorothy Russell, Walled Lake; Daniel Dequet, Clarenceville; Willard McCullough, Milford; Marion Malcolm, Walled Lake; Clyde Loeffert, Milford; Robert Gaffney, Walled Lake; Margaret Castle, Brace; Lewis Hammel, John Grace.

A piano selection by Dorothy Clark and violin solo by Roland LaRue were enjoyed, after which the Mothers Trio, Mrs. Fahr, Mrs. Mallard, and Mrs. Wilkinson sang with Mrs. M. Wilcox at the piano.

Owing to the cold weather few attended. A fine display of dolls and toys came in to help fill the Christmas baskets, which will be distributed under the direction of Supt. Prescott.

THREE FARMINGTON BARBER SHOPS GIVE FREE HAIR CUTS

Loomis and Plumton, Ben Meyers, M. B. Pierce.

Having been our practice in the past to give free hair cuts to children at Christmas time, and now that a price cut has been started in barber prices, we wish to announce, that we are not running cut rate shops or hiring inexperienced help and give no premiums whatsoever, except FIRST CLASS WORK. But to meet competition we will now give absolutely free with every adult's hair cut, a ticket good for one child's haircut, and feel that in this way our customers will know we are trying to do the right thing and trust they will give their loyal patronage as they have always done.—Adv.

Progress In Battle Against Disease Told

(Continued from page one)
puts a strain upon the lungs that may have serious effects." Diphtheria is a disease which is now being treated with remarkable success, Dr. AschenBrenner told his audience. The chief danger in diphtheria lies in its being detected too late. One member of the family, for instance, may be affected, but not seriously, and consider the ailment merely a "sore throat." Another member may catch the disease and be facing death within a few days. This is particularly true where the general condition of one member of the family is not as good as that of others.

Dr. AschenBrenner particularly warned parents against the false belief that their children cannot come down with diphtheria if they have been given toxin-antitoxin. This fallacy has cost many children's lives, he asserted, the parents being lulled into false security and waiting to call a doctor until after it was too late. In such cases, it is not always possible to give the patient as much anti-toxin as desired.

Pneumonia remains among the most baffling of diseases for physicians to struggle against, Dr. AschenBrenner said. He expressed the belief that mental attitude of the patient is a very important factor in pneumonia cases. The patient with the determination to fight and win will in a large number of cases recover but the one who gives up is almost certainly lost, he said.

Social diseases can and will be checked only when they are treated as a medical rather than social problem, Dr. AschenBrenner said.

Jim Arrives by Plane, in Time for Christmas

IT WAS Christmas eve. The Garner home radiated the spirit and happiness of Christmas. Soft lights filled the rooms; holly wreaths hung in the windows, and great fire was blazing on the hearth. There was a family reunion; the children were all there now except Jim, and they were looking for him at any moment.

Then the telephone rang and Jim's voice came over long distance. He had taken a later train and had missed connections at Chicago—there was no way of getting there tonight. He expressed the deepest regret; he had thought there was plenty of time to pick up a few last-minute gifts between trains.

Why, they just would be lost without Jim, they were all saying presently; sunny, careless Jim, who always was the life of the crowd, and he would miss the very best part of Christmas with them. It was just too bad this had to happen. But Jim, dear old Jim, always would be careless. Then the telephone rang again, and they found he would be with them after all. A passenger plane was leaving Chicago and he would be home in two hours. The new mode of travel would bring Jim in plenty of time to make their Christmas reunion complete.—Katherine Edelman.
