IN MEMORIAM

In loving memory of our darling daughter and sister, Shirley E. Goets, who passed away two years ago today, February 28, 1929.

She had no time for discontent
Her lovely years were brief;
So by the spirit was not meant
For loneliness or grief.
Sadly missed by
Mother, Daddy and Sisters.

"HALF A CUP OF WATER is all I need to cook vegetables on my ELECTROCHEF* electric range"

"WATERLESS cooking is healthful for my family, and I use only a minimum of water with my ELECTROCHEF. The natural values of foods need not be reduced by the use of excess water in cooking meats and vegetables. Roasts cook to melting tenderness in their own juices in the ELECTROCHEF oven, and the nourishing values of vegetables are retained. I'm glad I was lucky enough to discover ELECTROCHEF electric cooking."

CASH PRICE \$105 INSTALLED including all necessary wiring. \$10 down, \$6 a month, small carrying charge

*A study of one thousand families using the ELECTROCHEF electric range showed a cooking cost of less than one cent a meal a person.

When It Means Most

A good banking connection means most to a business or individual, when extraordinary problems arise. For when a bank interests itself in the business welfare of its customers, it is living up to its opportunities for service.

And the customer who comes to this bank for suggestions to help him over the "rough spots" is availing himself of his rightful measure of service.

Whenever you feel the need of friendly counsel or co-operation come in and allow us to serve you. Often times simply "talking things over" sets matters in a new light, and makes the problems easier.

Your Health Is At Stake

When you walk around with worn soles on your shoes, you are endangering your health. Doctors will tell you that wet feet will in most cases result in a cold or sore throat. On these wet days protect yourself by having new water proof soles put on your shoes. Then you will be safe, and also more comfortable.
