HEALTH and vigor will be gained from a vacation spent in Michigan. Her brilliant sunshine, lake-cooled climate, and pine-scented breezes are Nature's tonic.

The millions of dollars spent each year by Michigan's thousands of visitors add to the prosperity of the state. Let us also spend our own vacations in Michigan this year, thereby contributing still further to its prosperity.

And wherever you go, dispel worry by telephoning home and office frequently. Call friends to tell them when you will arrive. Telephone ahead for hotel accommodations. Long distance rates are low.

A MAN'S MEAL

...cooked as only an
ELECTROCHEF
can!

THE man doesn't exist who can taste this delicious Electrochef treat and not come back for more. Crisply brown, full flavored and meltingly tender, Electrochef roast chicken owes its appetizing perfection to the Electrochef semi-sealed oven. Little water is used with Electrochef cooking, and the concentrated liquor for the gravy, consists of the natural juices of the meat.

Mild electric heat penetrates evenly to all parts of the fowl, and the dressing is fluffy-textured and fragrant, thoroughly seasoning the meat. The Electrochef oven is practically self-basting, like a pressure cooker, and there is little shrinkage or loss of weight in roasting. Serve Electrochef roast chicken to tempt flagging appetites! And notice, also, how much cooler your Electrochef kitchen is this summer! Stop in at any Detroit Edison office and see the Electrochef.
