**A. L. MOORE GIVES  
CLARIFYING TALK  
ON AMENDMENTS**

Large Gathering Hears Address  
At Methodist Church By  
Candidate

Over 150 Farmington men and women have a clearer understanding of the amendments to be voted on Tuesday as a result of an address given Sunday evening by A. L. Moore, Republican candidate for State Senator, in Farmington Methodist Church.

Mr. Moore called attention to the ten parties on the ballot this year, and said that the chief question is: "Can democracy move fast enough ahead of the revolution?"

The speaker said he was opposed to the attempts to do "too much legislating through amendments." He made no recommendation on the oleomargarine referendum, nor on the amendment which would permit only taxpayers to vote on bond issues. He made no definite recommendation on removing the governor's power to pardon life prisoners, but said he believed "we must begin to put teeth into the law."

Mr. Moore opposed the reapportionment amendment because it gives limitations of senior representation "utterly disregarding population," and because he opposes "any unit having power to control," as Detroit would have.

Mr. Moore strongly favored the 15-mill tax limit amendment, not because he considered it perfect, but because "something must be done to force the legislature to shift the burden from real estate."

He opposed the homestead tax exemption proposal as impractical.

Mr. Moore opposed the "Red, White and Blue" amendment as removing all statutory control of liquor and returning to local option.

"Well, I had a face like yours once, and when I realized how it made me look, I cut it off."

"Yes, I had a beard like yours once, and when I realized that I couldn't cut it off, I grew this beard."

**WANT AD COLUMN**

RATES: Cash, 15 cents per word minimum 30c. Fifteen cents extra charged. Copy must be in by Thursday noon. Phone 15-1.

**MAISONETTE FROCKS** and Silson shirts, ties, and raincoats make ideal Christmas gifts. Order now. Call Mrs. Bertha Westphal, Telephone 65-1 for appointment. 1-11-c.

**\$144 IS RAISED  
FOR NEEDY BY  
BENEFIT AFFAIR**

Enough Received To Insure Children's Having Warm Clothes This Winter

Enough has been received from the benefit affair last night and other sources to insure that all needy children in Farmington Township will have warm clothes this winter, the Cloth Needy Children Committee reports. Receipts to date are \$144.26, with final reports on ticket sales still to be made. More than 300 persons attended the entertainment and dance.

Whatever surplus funds there are will be applied to purchases of clothing for adults, and it is possible that additional dinner parties will be given. A keno party to provide a Christmas dinner for all Township indigents is being planned.

Ten county candidates contributed two dollars each, and were introduced or had their names read at the benefit affair. Republicans who aided the affair were: Frank J. Greenan, candidate for sheriff; G. Dewey Kimball, for coroner; Norman Orr, for prosecutor; Mabel Brondige, for register of deeds; J. Lee Voorhees, for coroner; Dan A. McGaffey, for prolate judge, and Earl L. Phillips, for circuit court commissioner; Democrats are Murray D. Van Wagener, for drain commissioner; Arthur P. Bogue, for prosecutor, and Harry Mitchell, for congressman.

Claude Wilson and Dr. Z. R. Aschenbrenner have donated two dollars each to the welfare fund, and Deputy William Tamm has given a dollar. Any further donations will be appreciated, and may be sent to Township Clerk Willard Campbell or Justice Willis T. Roberts.

**Mrs. Brucker Wins  
200 Friends At Tea**

(Continued from page one)  
trade that it has developed. Three of Michigan's leading industries, automobiles, tourists, and fruit-raising, have been greatly aided. The advertising given Michigan products by these events, Mrs. Brucker pointed out, not only helps the sale of the Michigan fruit directly advertised, but it focuses the attention of tourists on Michigan. By increasing income to growers it helps them to buy the product of Michigan's greatest industry, automobiles.

**Facts and Figures**

As for facts and figures, Mrs. Brucker had them convincingly, too—not faraway State statistics, but figures about Farmington. She showed that reduction in State costs will be felt in Farmington City, whose share of the State tax will be \$7,328.51, as compared with \$9,860.85 last year, a reduction of \$2,532.37. Farmington Township's State tax will be nearly \$10,000 less, having been \$37,667.47 last year and being \$27,994.12 this year, a difference of \$9,673.35.

As a result of the special session of the Legislature, called by the Governor, there will be no Covert Road taxes this year, a saving of \$65,786.83, to the township and city combined. The township saving \$48,031.69 and the City \$17,755.13, Mrs. Brucker said.

Further, through legislation of the special session, Covert Road bonds have been refunded and will be retired by money returned from the State Highway fund, over a period of 22 years, lifting this burden of over six million dollars from the County. Oakland County is among those most greatly benefited by the special session.

The Warner residence was filled to capacity. Those attending found Mrs. Brucker as she had been described, friendly, simple and unaffected in manner. She made it quite clear that the Governor's family are "just ordinary folks," and emphasized it by saying that their whole home in East Lansing "could be put in the lower floor" of the house in which she was speaking.

Mrs. Brucker said she experienced quite a thrill in coming to Farmington to the Warner residence, since the Warner family and the Bruckers have been the only families of governors of Michigan who have moved to Lansing while the head of the family was chief executive. Gov. Brucker and Gov. Warner are on the record as the youngest and second-youngest Michigan governors of modern times. Gov. Warner having been the youngest until the present chief executive.

The Farmington reception for Mrs. Brucker was among a number held in this part of the State recently, and was among the largest. Many women from Pontiac, Royal Oak, Birmingham, Walled Lake and other communities attended.

Sample ballots for the November 8 election are available at The Enterprise office, including amendment ballots.

**Find A Patch Of Gray  
In The Enterprise?**

Look through your copy of the Enterprise this week, and if you find a patch of gray here and there, "there's a reason." For with this issue Farmington's newspaper begins its forty-fifth year, and gray often appears in the mid-forties.

The Enterprise reflects thankfully upon the good will shown during the past year by many old friends, and welcomes new ones who have come into our circle of readers.

**SPEAKERS ASSERT  
CAPITALISM IS "A  
PASSING SYSTEM"**

Socialists Say System Has Outlived Usefulness, Must Pass Into History

That capitalism has broken down and must pass into history, as did feudalism, mercantilism, and other forms of social organization, was the theme of addresses at an open forum meeting Saturday evening in Farmington. The Universalist Church was the scene of the gathering. Thirty-five men and women attended.

"What is wrong with capitalism" was the subject of Hellen M. Bell of Royal Oak state chairman of the Socialist party. He declared that under capitalism, "the farmer today needs shoes, and the shoemakers in New England need food, but shoe factories are closed and food rots in the fields."

Bell was followed by Walter Reuther, Detroit City College, who presented socialism as "the way out." The program, he said, is that the necessities of life shall be owned by the people as a whole, and administered by trained economists and experts.

Harley Gibson of Farmington introduced the speakers. He said that the Universalist Church was the scene of anti-slavery meetings in Civil War days, and that while that War terminated negro slavery, economic slavery is not ended, and that it was thus fitting that the Universalist Church should be the scene of the first socialist meeting ever held in Farmington—that "this might be considered a continuation of anti-slavery meetings."

**SIXTY DISASTERS  
IN 1932 ADD TO  
NATION'S DISTRESS**

Red Cross Spends \$2,760,000 To Help Victims of Catastrophes.

In a year of great misfortune caused by economic depression, in which the American Red Cross assumed heavy burdens of relief for the unemployed, the organization also responded to emergency needs in 60 disasters in the United States and its insular possessions.

During the twelve months ending June 30, 1932, the Red Cross gave aid to 15,000 families totaling 338,000 individuals, with expenditures of \$2,760,786. These people were in distress because of drought, flood, forest fire, tornado, snowstorm, mine explosion, or other similar great disaster.

**WORDS OF WORLD  
GOOD WILL SENT  
OVER TELEPHONE**

Students of Four Continents Exchange Voice Messages on Hague Anniversary

Messages of good-will, interchanged by telephone among the high school students of four continents, marked the observance of World Good Will Day last May, in celebration of the opening of the first Peace Conference at The Hague, Holland, thirty-two years ago.

Words relayed From State to State

Observance of this occasion was under the auspices of the World Federation of Education Associations, in co-operation with the National Council for the Prevention of War, and the telephone was chosen as the medium for this international exchange as symbolizing the interdependence of the nations of the world today.

Focal points for the telephone calls were established in London, England, and in Washington, D. C., and early in the morning on the Pacific Coast this country's first call was made. From capital, capital, in State House or governor's mansion, school boys and girls relayed the good will message until it had passed through all the states of the Union and was received at Washington. From Canada, Mexico and Argentina, too, it came over the wires and by wireless.

Message Spans the Atlantic

At the same time, similar messages from the various nations of Europe, from Australia, even from the island of Java, were being telephoned to the Houses of Parliament in London.

Finally, when it was 4 P. M. in Washington and 9 P. M. in London, the connection between the two national capitals was established over the regular transatlantic radio telephone circuits, and the school children of the New World and the old exchanged their messages of good will. In this country the ceremony took place in the Foreign Relations Committee room in the Capitol. Then the process of relaying the message was reversed, and from state to state and to the neighboring countries the words heard from London were repeated to the groups of school children waiting to receive them.

Experience With World Communication

One of the objects of this international meeting by telephone of the children of many nations, according to Augustus O. Thomas, President of the World Federation of Education Associations, was to bring about a realization of the new kind of world in which we live, a world closely united by this means of fast communication for the adjustment of international differences or misunderstandings. It is the belief of this organization that participation in such conversations taking place halfway around the world, and hearing the voices of other children across thousands of miles, would help the young people in the schools of this country to form a new picture of the world today.

The new telephone installed in Farmington during the week ending October 29 is Tiffin; Walter G. residence 19810 Park, Phone 349F4.

The Mane

Helen (to her grandmother, after taking her first horseback ride)—I didn't need a bridle. The horse wore a fur on its neck for me to hold to. Capper's Weekly.
