

FARMINGTON ACRES

Mrs. H. A. McIntyre

Mrs. J. F. Hoffmann and son, Walter visited with Mrs. David Measell and son, Thomas in Detroit, Saturday.

Mrs. Frank Crandall and Mrs. Hugh McIntyre were Northville callers Thursday evening.

Thomas Forslund, Albert Faucet and Michael Lynch attended a Stag Party given by Alfred DuCharme, Tuesday evening.

Charles Damon called on his daughter, Mrs. Charles Willard Monday, who is seriously ill in Detroit.

Mr. and Mrs. John Jantovsky and children were Sunday guests of Mr. and Mrs. Harold Billig.

Mr. and Mrs. Harry Jackson of Northville were Sunday callers of Mr. and Mrs. A. H. Koss.

Harry Norris of Plymouth called on B. G. McIntyre, Monday.

Mr. and Mrs. R. P. Robinson of Farmington and Jerry Fifoot and Alex Heame of Detroit were Sunday guests of Mr. and Mrs. H. A. McIntyre.

Mr. and Mrs. George Lind and children and Mr. and Mrs. Harry Burger of Detroit spent Sunday with Mr. and Mrs. J. F. Hoffmann.

Read the advertisements closely. Merchants are offering exceptional bargains these days.

Services Held For

William Voght, Wixom

Funeral services for William C. Voght, 21, of Wixom, who died Tuesday morning at General Hospital in Pontiac from a self-inflicted bullet wound, were held Thursday. Burial was in the Mount Hazel cemetery in Redford. Plymouth Canton No. 17, had charge of services at the grave.

Voght was the son of Mr. and Mrs. Carl Algrim. He was a member of Lakeside Lodge No. 487, I. O. O. F., Chief Encampment No. 35, of Pontiac, and Plymouth Canton No. 17. He is alleged to have shot himself Monday when he feared he would lose his automobile through inability to make payments.

PLEA FOR SCHOOL CHILDREN

The Farmington Parent Teachers' Association, which is serving luncheon to needy children at the Farmington schools, is making a plea for donations of canned fruits, jellies and other foods.

Farmington organizations have been alternating in feeding the needy children. Mrs. Dorothy Smith, representing the Universalist Church, is doing the serving this week.

Try an Enterprise liner.

MRS. DOYLE HEADS LADIES

Mrs. Blanche Doyle, 22825 Maple Street, has accepted the Presidency of the Farmington M. E. Ladies' Aid for the balance of the year.

The vacancy was created by the resignation of Mrs. W. Allen Nelson, due to inability to continue work required.

WOMAN'S CLUB TO MEET

The Woman's Club of Farmington will meet Wednesday of next week, February 8, at the home of Mrs. George Gilmeister, at the intersection of Farmington Road and Shiawassee Road.

Members will respond to the roll call by quoting some incident of the life of Abraham Lincoln.

TO DISCUSS SMALL

FRUITS AT FINAL MEETING TUESDAY

Prof. Don B. Hootman To Speak Before Groups At Salem Evangelical Church.

The third and last session of the Fruit Growers' School will be held next Tuesday at the Salem Evangelical Church in Farmington. At this meeting, Prof. Don B. Hootman of Michigan State College, will speak. The school has been one of the most successful ever held in Oakland county, with about 85 men and women attending the last session. About 100 people are expected for the last meeting Tuesday. The last day of the school will be devoted to discussion of small fruits.

The conclusion of the winter schools for fruit growers will come with the spring meeting of the Michigan State Horticultural Society February 21 and 22, at Pontiac. Included on the list of speakers are Prof. Hootman, who will speak in Farmington Tuesday, and Don Button and Ed. Grimmer, both of Farmington.

Mrs. Adolph Nacker, in charge of preparation for the luncheon to be held at noon, announces that it will be open to the general public as well as fruit-growers. The charge is \$3.00.

The complete program of the State meeting at Pontiac is as follows:

Tuesday, February 21, 1933

Forenoon Program

9:30-10:30—Michigan State Horticultural Society

K. D. Bailey, Oakland County Agricultural Agent

10:45—Some Cultural Practices with Strawberries that Get Results, by H. D. Hootman, Michigan State Horticultural Society.

11:00—Experiences in Dusting Apples That Have Proved the Importance of Good Foliage (Illustrated) by R. L. Everts, Lapeer, Michigan.

1:30—The Business Depression and the Price Level, by Herman Wyngarden, Economist, Michigan State College.

2:30—How Soils Influence Fruit Tree Growth and Production by Dr. N. L. Partridge, Michigan State College.

3:15—Symposium on Grading and Marketing Fruit by Fruit Growers. Selling to Truckers, George Faulman; Developing Home Sales, C. J. Hill, David Carter; Care in Harvesting, Don Button, Farmington; Selling the Buyer, Ed. Grimmer, Farmington; Utilizing Air-Cooled Storage, W. K. Bristol.

Wednesday, February 22, 1933

Forenoon Program

9:30—When, Where and How Can Ooze Irrigation Be Used, by George Amundson, Agricultural Engineering, Michigan State College.

10:15—My Experience with the Girdling Red Raspberry by W. K.

Bristol, Almont, Michigan.

10:30—Growing Black Raspberries, by Stanley G. Hadden, Washington, Michigan.

11:00—Preventing Arsenical Injury on Peaches (Illustrated) by W. C. Dutton, Michigan State College. Mr. Dutton's discussion will also cover recommendations on spray lime.

1:30—Mistakes the Neighbors Make, by Fruit Growers.

2:30—Eroded Sites. Reduce Fruit Production, by Dr. N. L. Partridge, Michigan State College.

2:45 Success and Failure in Spraying for Scab and Codling Moth, by G. L. Ricks.

Farmington Loses

Place in B. B. League

Farmington High School has fallen to second place in the Basketball league by virtue of its defeat at the hands of Northville Friday night. This second league defeat of the season gives Melvindale the undisputed lead so far in the league games.

Farmington continued its losing streak by falling before Walled Lake Tuesday night by a score of 29-23. In this game Norman Barons, first string guard, fell to the floor, throwing his hip out of joint by force of the fall. Although still lame, Barons is expected to be in condition to play during the remainder of the season.

The record of the Farmington team was excellent until the recent defeats. One other league defeat is all that the team has suffered this season. Play in the last two games showed the Farmington team to be over confident.

Oakhill Farmers Want

Two Year Moratorium

Of interest to farmers of this district is a resolution drawn up by the Resolutions Committee of the Oakhill Farmers' Club of Clarkson. The purpose of the resolution is to procure a two-year moratorium on foreclosures on mortgages and contracts on farms and homes.

The resolution reads as follows: "Whereas many farmers and home owners have lost or are about to lose their homes;

"Whereas, it is necessary that immediate action be taken to save the agriculture of Michigan;

"Whereas we believe that the agriculture interests of this state will be served by the adoption of a moratorium;

"Resolved that the Oak Hill Farmers' Club hereby approve and endorse a two year moratorium on foreclosures on mortgages and contracts on farms and homes.

"Resolved that the members of this club will not neighbor with, change work, loan tools, machinery or otherwise assist any owner of property so acquired.

"Further, we will withdraw our patronage from any individual or company that assists them to grow, harvest or market produce on property so acquired."

Resolution Committee: C. J. Tindall, Fred Beckman, Herbert T. Baynes.

Alex Solley, President; Chas. Beardslee, Vice-president; Mrs. Chas. Beardslee, Secretary.

Voices to and from the Skies Bring Safety to Transport Planes in Flight

Regular transport planes flying routes shown on map are equipped with two-way radio-telephone apparatus. Circled dots on routes show ground stations so equipped. Top: Trimotored transport plane in flight. At left: Pilot talking by radio telephone with ground station from cockpit of transport plane. At right: Dispatcher and pilot in ground station, showing special telephone in front of dispatcher and radio transmitter behind pilot.

It was as recently as the spring of 1929 that the Western Electric Company and the Bell Telephone Laboratories first demonstrated two-way telephone communication between an airplane and the ground. Today, apparatus of the type then displayed is down an average of 3,000,000 miles a month. Planes are provided with two-way telephone service over more than 25,000 miles of airway through 120 ground stations equipped with radio telephones.

Editor Didn't Believe His Own Reporter

To Bell System engineers, the demonstration made in 1929 was not particularly novel, for they had been experimenting with aviation communication since 1918. However, it was the first public demonstration, and the public felt that something miraculous had happened. One city editor, for instance, when his reporter telephoned and announced that he was calling from a plane flying 1,500 feet above New Brunswick, N. J., slammed down the receiver and said to his colleague, "Jones is picked again."

Indeed, the publicity attendant upon this first demonstration planted in the public mind the notion that the purpose of the aerial telephone was to enable passengers to call their homes and say when they would be home for dinner. Nothing could be further from the truth. The apparatus is not, under any circumstances, for the use of passengers. The equipment is solely for the purpose of dispatching and instructing planes, just as the telephone provides the same factor of safety in the dispatching of railroad trains.

Most Transport Lines Are Telephone-Equipped

The aviation industry has been rapidly adding to the safety of air travel through the equipping of its lines with aviation communication devices and the development of a technique for their use. Until today it has a large permanent investment in radio and radio telephone apparatus. Of the air transport lines in the country United Aircraft Transport, Boeing Air Transport, Varig Air Line, National Air Transport

other pertinent information to the ground stations is stated intervals, and gets word from the ground stations to proceed, very much as a railroad train passes from one block to another.

It can report any unusual occurrence at any moment. For example, a passenger on one of the western transport ships had an attack of appendicitis. The pilot radioed the facts to the nearest ground station. A landing was made at the nearest field, where an ambulance, ordered by telephone from the ground station, was waiting. The suffering passenger, who had been made as comfortable as possible by the plane (warden), was rushed to the hospital and the plane continued on its journey with virtually no time lost.

United States Commercial Planes Carry All Others

The commercial airplanes of the United States flew during 1932 a distance of 47,335,387 miles, a record report discloses. They covered more miles and carried more passengers than the machines of all European countries, including Great Britain and her overseas dominions. And yet they established at the same time, statistics just issued by the National Safety Council indicate, an enviable record for safety.

"When you are a passenger," states an editorial in the New York Herald Tribune, "step aboard a regular, scheduled commercial plane you will statistically speaking be killed only if you fly from coast to coast once a week for four or five years."

Telephone Decreases the Unknown Factors

To increased safety in the air, Bell System engineers have contributed directly, for through the development of the long wave receiver and transmitter the long wave communication technique in aviation has been improved. The number of accidents in flying and handling of aircraft has been reduced. The available approach in the benefits of voice alone can be seen at any time.

TO BE HELD

Monday, March 6 1933

FROM 8 a. m. to 8 p. m., EASTERN STANDARD TIME

For the purpose of nominating a candidate for Supervisor, Clerk, Treasurer, Highway Commissioner, Justice of the Peace (full term), one member Board of Review, four (4) Constables and one (1) Overseer of Highways.

POLLING PLACES: Precinct No. 1, Isaac Bond Schoolhouse, Orchard Lake Road; Precinct No. 2, Township Welfare Store, 28734 Grand River, east of Middle Belt Road.

The Last Day For Filing Petitions

Tuesday, February 14th

AT 5 O'CLOCK P. M. EASTERN STANDARD TIME

Registration Notice

NOTICE is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Second Saturday before any regular, special, or official primary election and the day of such election.

NOTICE is further hereby given that I will be at the Clerk's office, and at my residence, 20330 Pearl Street, Farmington, February 7th and 14th, February 14 being the 20th day preceding election. SATURDAY, FEBRUARY 25, FROM 8:00 O'CLOCK P. M. UNTIL 8:00 O'CLOCK P. M. on each said day, for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP as SHALL PROPERLY apply therefor.

WILLARD CAMPBELL, Farmington Township Clerk.
