TO THE CUSTOMERS OF
THE DETROIT EDISON COMPANY

In 29 cities
58 villages
and 130 townships

There are some 500,000 of you, in those cities, villages and townships. We have a lot of things to tell you which are of interest because you are our customers. We might get your attention by circulars delivered at your door, or by radio broadcast. At this time we think the best way to reach you is by successive letters in the newspapers, of which this is the first.

This is not a hard luck story. We have money locked up in closed banks and trust companies, just as many of you have. But we are not broke—nor are we grumbling about that.
