\$4.95 to \$9.95

Do these spring days give you a touch of "spring fever"? Do you want to get out of the kitchen and enjoy real freedom for one afternoon? Then do it! For supper tomorrow, serve the appetizing menu printed here. Start your fricassee of chicken cooking in your ELECTRIC CASSEROLE before you go out. (You can safely leave it cooking all afternoon. It uses little more current than an electric light.) When you come home it will be ready to serve, piping hot and deliciously full-flavored—ready for the table. The rest of the meal can be fixed in a few minutes, with things prepared beforehand.

**You're
To
Blame**

Even if it isn't your fault. Accidents happen every day on Michigan Roads, and you may be in one next month or next week or tomorrow. Perhaps it won't be your fault—perhaps the carelessness was on the other fellow's part—but that isn't going to pay for the damage on your own car. IT'S YOUR FAULT if you haven't complete, satisfactory insurance.

Written and Edited by Members of Farmington High School Sophomore English Class.

Following the discontinuance of The Latch Key several years ago, there has been no school paper. This year, however, under the direction of Mrs. Robbie Harrison, the sophomore English class, as a class project, has written and edited a high school paper containing the high spots of the school year. Besides the staff selected by the class, various members have assisted in organizing this material.

The elected staff includes: Douglas Parker—Editor-in-chief; Harry Lapham—Sports Editor; Emily Maas—Society Editor; Jack Palmer—Feature Editor. The paper will be published fully below and in subsequent issues of the Enterprise.
