## THE DETROIT EDISON COMPANY

GENERAL OFFICES  
2000 SECOND AVENUE

DETROIT, MICHIGAN  
May 29, 1933

TO THE CUSTOMERS OF  
THE DETROIT EDISON COMPANY

This is the ninth of a series of weekly letters addressed to our 500,000 customers in 29 cities, 58 villages and 130 townships in the southeastern corner of the State of Michigan. Last week we tried to show you that there is a lot more to our system than just a power house and some wires. The power plant is seldom one-third of the system. And the cost of making the power at the power house is just a shadow less than the taxes that we are required to pay — or rather, that we are required to collect from you. Please look at this showing of how much tax money was taken out of each dollar you paid us in recent years.

Year	Taxes out of each dollar paid to us	Remaining to us out of each dollar paid by you
1920	5.1 cents	94.9 cents
1921	6.5	93.5
1922	6.5	93.5
1923	6.8	93.2
1924	7.7	92.3
1925	8.0	92.0
1926	9.0	91.0
1927	9.7	90.3
1928	9.8	90.2
1929	9.8	90.4
1930	10.7	89.3
1931	11.7	88.3
1932	12.9	87.1
1933	13.5	86.5

12 months to April 1933

(The three per cent U. S. tax is additional to these figures.)

When you get a bill for city or state taxes, or when you fill out your income tax blank for the United States Treasury, you know you are being taxed. When you paid your electric light bills since 1920, you did not know that you were paying added taxes, from five cents out of each dollar in 1920, up to thirteen and a half cents on the dollar this year. The taxes were there just the same, and we want you to know it.

These indirect taxes affect all of you. They make a tax-gatherer of your electric company. You blame the company if you think your bill is too high. To be exact about it, your electric bill would have been lower by eight cents on the dollar if the total taxes on the company had been fixed at the 1920 figure. It looks easy to tax the electric company. To do so changes the place for a few days, but it does not change the pain, and you pay just the same in the long run.

We have never made a campaign against high taxes. We have no wish to make one now. But we may find ourselves in the place where fairness to you will require us to join in such a campaign. If that comes about we will want you to understand that it is your pocketbook that we are protecting, and we ask you to keep that statement in mind.
