

LTD BUYERS WITH a yen for sunshine and fresh air can choose a car with an optional sun roof, or they can go all the way with an LTD convertible. Available for the first time on all Ford cars with the optional vinyl roof, the electric sliding sun roof opens to an area of 21 by 39 inches. The rear of the convertible -- and all other LTD's -- is highlighted by a new bumper and lower valance panel. The unique taillamp treatment features a center reflector applique.

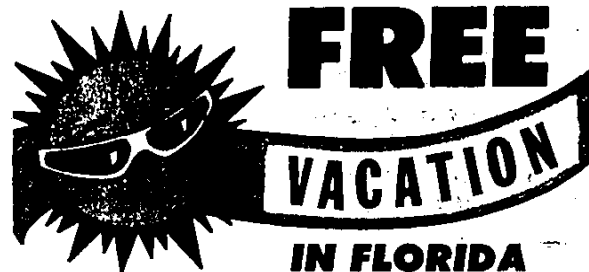

THE 1972 Oldsmobile CUTLASS SUPREME series consists of three body styles, a HARD- TOP COUPE (shown above in two views), a convertible, and a hardtop sedan.

THE 1972 Oldsmobile TORONADO displays new front and rear appearances. A Brougham custom interior, including a 60/40 divided front seat with separate adjustment controls, continues as an option on the TORONADO.
