

Wind And Hail Storm Does Slight Damage

A heavy wind and hail storm which culminated the heat wave on Wednesday did slight damage in Farmington city. Tree limbs were torn off by the wind and the hail broke several windows in the West Point Park greenhouse. The crash of a very large limb against the home of L. P. Schroeder on Grand River West resulted in damage to the porch and also a hole through the roof. Telephone and light lines were also damaged by the storm.

VACATIONS SPENT IN MICHIGAN MEAN DOLLARS SPENT IN MICHIGAN

Annually, thousands of visitors come to Michigan for their vacations. They spend a great deal of money in our state each summer.

The concerted effort of Michigan residents can bring many more vacationists to Michigan. We can tell our out-of-state relatives and friends of the advantages of Michigan and persuade them to spend their vacations here. No state can offer them more... few so much. They will find no disposition in Michigan to "soak the tourist." They will find vacation costs moderate and accommodations to fit every pocketbook.

In Michigan, they will find a delightful summer climate; enchanting and varied scenery; historic points of great interest; unlimited opportunity for all summer sports; the best of highway and other transportation facilities; comfortable and reasonable hotels, tourist homes, and camps; modern and progressive stores, newspapers, and theaters.

And is this not a good year for Michigan people to spend their vacations in Michigan? Few of us really know our own state well. A tour of both peninsulas would be pleasant and instructive. Many points along the way would be of great interest both to children and adults. Let us spend our vacation money in Michigan this summer. We would all profit by it.
