CLEAN and COOL

Electrochef Electric Cooking

CLEAN AND COOL... Here are two reasons why Electrochef electric cooking is popular with women. CLEAN because the range is finished entirely in snow-white porcelain and sparkling chromeplate. CLEAN because electric heat is clean as sunlight, without smoke or soot to darken kitchen walls and curtains. COOL because of focused heat and double air-space oven insulation.

You must use this modern range yourself to really appreciate it. A \$10 initial payment places an Electrochef in your kitchen, installed and ready to cook.
