LAKEHURST TO BE CLOSED

The former home of the dirigible Akron, at Lakehurst, N. J., is to be closed in the near future according to information received from the Navy Recruiting Station, Detroit. Due to shortage of funds, and the desire for economy, this step has been found necessary. The MAON will go to Sunnyvale, California, as originally scheduled, to operate as a part of the Battle Force.

Drying Umbrella

Turn the wet umbrella upside down to dry, but leave it closed. This will prevent rusting of the point where the ribs join and also prevent stretching.

When Shoes Are Wet

Even damp shoes will polish well if a little paraffin is added to the cleaning paste.

MAN OVERBOARD

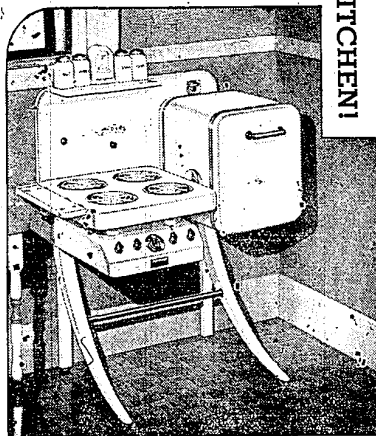

The cry of "Man Overboard" on naval vessels is followed by the lowering out and immediately lowering to the dip, of the 5-flag to indicate this emergency. The night signal is two red lights on the main mast, flashing intermittently. A signalman is sent aloft to keep a lookout, and at night searchlights are brought into play. In column formation odd numbered ships sheer out to starboard, and even numbered ships to port.

Significant Ceremonies

The first known celebrations of a Christian sacrament in the territory of the 13 original United States were the baptism of Manito, friendly chief of the Hattens Indians, and the baptism of Virginia Dare.
