### Low Price Cars

## Cheap Cars

We do not build a low-price car: the cost to us of building our car is pretty high.

But we do sell a high quality car at a

Two things make possible our combination of low prices and high cost quality:

- 1. Volume Production
- 2. Taking only one profit

First, we set our price at what would be fair to the public on the basis of economies we enjoy in volume production. Then, in order to justify and maintain our low price we must get volume sales.

Thus it comes that a car which is really high-cost to make, is also low-cost to buy.

There is a difference between a cheap car and a low-priced high quality car, like the FORD V-8. Half a million owners appreciate this difference.
