The cafeteria of the Walled Lake High School has had a very successful beginning this year. At the end of the first month of school the business is large enough to pay all expenses, and from bank dividend payments have been made on checks returned due to the closing of banks last February. Several ladies of the Baptist Church have helped the organization by donating about seventy quarts of tomatoes which they canned at home. The Civic Welfare is furnishing twenty five tickets for children in the grades, while the P. T. A. is providing milk for twenty three.

The hot lunch is a non-profit making organization, operating only to provide hot food to supplement the sandwiches and other foods brought from home. When planning the menus the aim is to include good, wholesome foods, without duplicating those found in the lunch box. Vegetables, meats, cheese, milk and fruits are used to a great extent. The menu always has a soup and a main dish, and usually a dessert and beverage.
