SUBURBAN LEAGUE

WILL MEET NEXT

IN FARMINGTON

Official standings made public

at a meeting of the suburban

high school athletic league settled

second and third place, in

football, regarding which

there had been some question. It

was known that Trenton had won

the undisputed championship with

five victories and no defeats. Sec-

ond and third place had been in

doubt between Northville and Mel-

vindale, the former winning out

with 3 out of five victories. Mel-

vindale won two, lost one, and

tied two and was given third rat-

ing with a standing of 500; Berk-

ley was fourth with two victories

and three defeats, while Farming-

ton and VanDyke each lost three

league games and tied two, with-

out a victory.

Farmington was chosen for the

next meeting of the league on

January 23, and Coach Curtis

Hall of Farmington was elected

vice-president of the league, re-

placing Harold Ruggles, former

Northville coach. H. B. Pore of

Trenton was chosen president,

and W. R. Anderson, Berkley

principal, was named secretary-

treasurer.

hereof, shall exceed the sum of

\$15,000,000.

Section 3. Revenues received in-

to the Special Emergency Fund

shall be used exclusively for the

benefit of the public school sys-

according to the provisions of

therein specified and/or upon such

other dates as, in the opinion of

ment or part apportionment of

therefor, and any such apportion-

ment or part apportionment so

ordered and made shall be consid-

ered as an advance against any sums

to which any such school district

shall be found to be entitled under

the provisions of Act 236, P. A.

1933 for the fiscal year for which

said apportionment or part apportion-

ment is made.

THE GIFT OF GIFTS

One that will serve her for years.

And you can let her try it out before Christmas! Of course you want to give HER a worth while gift—one that will please her Christmas morning, and one that will be the joy of her heart for years to come. Surely an ELECTRIC range fills both these requirements. It is a gift of wisdom—one that will become more modern, year by year, with the trend to electric cooking. And fifteen years from now, her electric range will look practically as new as it does today.
