This TRIAL PLAN

enables you to try an electric range
in your own kitchen—
WITHOUT ANY OBLIGATION!

WE WANT to give you an opportunity to TRY electric cooking in your own home before making an investment. We want you to learn for yourself just what electric cooking will do. To this end and for a limited period, we will install an electric range without initial charge, and let you use it for six months, removing it without charge if you do not like it.

During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

We want you to discover that electric cooking is not expensive and that it gives you better cooking with more certainty, and less effort. Once you have enjoyed the delicious flavor electric cooking imparts to foods, its cleanliness, its coolness and its convenience, we believe that you will never again go back to any other method of cooking.

Applications for ranges on trial installations will be taken care of in the order they are received. Call any Detroit Edison office.

Enjoy These Advantages of Electric Cooking!

- **CLEAN.** Electric heat is as clean as sunlight. There is no smoke or soot to soil kitchen walls and curtains. Cooking utensils remain bright and shiny after long use.
- **HEALTHFUL.** Electric cooking retains nourishing juices and natural elements in meats and vegetables. Important food values are retained.
- **WATERLESS COOKING.** With your electric range you use no water for roasts and only half-cup for vegetables.
- **MODERN.** Its attractive and styling designs, these electric ranges do much to brighten and add a feeling of newness to your entire kitchen.
- **FULL FLAVORED.** Electric cooking has a deliciously different flavor—a natural flavor in foods. Meats and vegetable cook to melting tenderness in their own juices.
- **INEXPENSIVE.** Electric cooking costs less than a cent a meal per person.
- **SAFE.** An electric range supplies only pure heat from a glowing wire—there is no flame, no matches, no fumes.

THE DETROIT EDISON COMPANY

A study of one thousand families using the electric range showed a cooking cost of

LESS THAN
1¢
PER MEAL A PERSON

MICHIGAN BELL TELEPHONE CO.

A TELEPHONE PAYS ITS WAY

The telephone has earned an important place in thousands of Michigan households... helping members to keep in constant touch with family and friends... "running" errands in all kinds of weather, thereby saving driving expense and time... helping to find employment, or keeping in touch with business associates and customers.

And, in addition, the telephone stands ever ready to protect home and loved ones in emergencies, making it possible to summon instantly the doctor, firemen, police or other aid.
