

Longest Journey by Sledge
The Scott journey to the South pole in 1912 was the longest sledge journey. Scott and his party covered 1,842 miles in a continuous trip.

Some Great Fires
Great fires during modern times were the Chicago fire of 1871, the Boston fire of 1872, and the San Francisco fire of 1906.

Not Unless You Need Them

When you come to us for eye examination, we do not prescribe glasses unless you need them. If you don't we are happy to tell you so, and you have peace of mind knowing that your eyesight is not being neglected.

If you DO need glasses, we fit you with FUL-VUES that instead of hurting your appearance, often ADD distinction and charm.

MICHIGAN BELL TELEPHONE CO.

SUE IS INVITED OFTEN, NOW THAT SHE HAS A TELEPHONE!

Sue used to "miss out" on many of those last-minute parties because friends couldn't reach her easily. But now that she has a telephone, she enjoys more good times than ever before.

The telephone in Sue's home serves the rest of the family, too. Mother uses it for shopping and for "running" errands. It helped Sue's brother get work by enabling his prospective employer to call when a job opened. Dad uses it to keep in touch with business associates and customers "after hours".

And they all have the comforting assurance that, in case of fire, sickness or other emergency, aid can be summoned instantly by telephone.

Telephone service costs only a few cents a day! Visit, call or write the Telephone Business Office to order it.

Lawrence Rothenberg, Attorney;

You can broil this
THICK, JUICY STEAK
to melting tenderness in an electric oven

Prepare this delicious treat in your own kitchen on one of these—
TRIAL★ELECTRIC RANGES!

EPICURES say that steak grilled in an electric oven has the distinctive flavor of steak broiled over charcoal. And once you have tasted it, you will certainly agree! Crispy brown outside, meltingly tender within, with melted butter poured over the whole and mingling with the juices of the meat, an electrically broiled steak is a treat to make any man's mouth water. Electric broiling conserves most of the beautiful juices, and the weight of the finished steak is much nearer its original weight. For delicious flavor and minimum shrinkage, electric broiling is unsurpassed!

★ In order to make it easy for you to discover for yourself—in your own kitchen—the eight extra features that make women prefer electric cooking to cooking with a fuel stove, we have arranged a special trial offer. We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!

THE DETROIT EDISON CO.

A study of one thousand families using the electric range showed a cooking cost of

LESS THAN 1¢ PER POUND
