REPORTS FINDING BUSINESS BETTER ON TOUR OF U. S.

That economic conditions in various parts of the country show noticeable improvement, with an even greater advance in confidence and optimism, is the message which Farmington business men have gained from hearing Harold M. Harter, secretary of the national organization of Exchange Clubs. Mr. Harter, who is completing a nation-wide "recovery tour," spoke last Thursday evening at Bedford, where Farmington Exchange men were guests at a dinner meeting.

Of greatest interest to the Farmington men was Mr. Harter's answer to a question to what part of the United States he found to have suffered most severely from the depression. Mr. Harter replied that this could be described by a circle starting at Buffalo, thence drawn south through the vicinity of Pittsburg and then westward through Ohio and Indiana and including Chicago, with Michigan as a part of the circle.

Like other parts of the country, however, this "circle" of most serious trouble shows definite signs of recuperation from the economic collapse, Mr. Harter said. He asserted that other sections show an even more striking change for the better, akin to a rejuvenation. In the south, for instance, he said, the cotton growers are receiving double the price of a year ago for their crop, and other products likewise have enjoyed great increases, bringing more money to the communities. In the East business in many lines is brisk, and depression seems in many places to be an unpleasant memory. It is also in the East, Mr. Harter said, that there are many communities which have not felt, and hardly realize that there has been, a depression.

Clifford Rogman and Gertrude Thomas accompanied Mr. and Mrs. Lester Everett to a show at Northville Wednesday night.

LETTERS TO THE EDITOR

Letters to the Editor MUST be signed with the name of the person writing the letter. An assumed name may also be used, but the writer's real name will be withheld from publication upon request, but no letter without the true name of the writer will be published. Please write on one side

Public School System

To the Editor: My friend and neighbor, Clarence Utley, stressed the idea that a civilization that made a taxpayer a pauper to furnish the Board of Education with funds to try out clever plans was wrong.

I remember that my father paid my tuition, for a week, by a rail-bill, the same as he bought coffee for my mother to make fish-balls for us to eat.

About 65 years ago, the 6-gallon legislature (if Gov. Woodbridge was not a 6-gallon legislator there was no such animal, adopted the Prussian public school system of education. If there is any country in more of a jam than Germany, I don't know where it is. Even France did not have her war-blood shock up by Napoleon Bonaparte worse.

The most of us don't care for gold dollars, but wild-cat paper money that will pay debts and buy hog-sausage is good enough for us. I always voted the Democrat ticket, because Thomas Jefferson said that the best-ruled people were the least governed. Now the country is trying to raise the price of pork-chops by killing off the hogs. We all remember Abraham Lincoln saying that horses, oxen and asses ate corn and hay (personal property) and passed real estate.

So while you might make the price of hogs go up by killing them off on a farm, or even a country, when you try it on the whole world it won't work, and one does not have to have a classical education to know it.

If anyone can show me how we

can pull ourselves up by our bootstraps, when we wear shoes, I will furnish \$5.00 for the welfare of Farmington City.
 FRANK L. LEE.

Noble-Grace School Notes

Principal Henry J. Fox announced that spring vacation will start on March 23 and will last until April 2.

A large number of children have been getting dentist work done at Keego Harbor.

The following pupils have received a "B" average or better for the month of February.

YOU GET FREE ACTION OF All Four Wheels ON THE FORD V-8

For 30 Years, Ford cars have had free action of all four wheels. The principle was right when first adopted by Ford 30 years ago—it is still right, and now being more widely recognized than ever before.

But as in so many other engineering principles, FORD has pioneered—adn has been proven right!

REGISTRATION NOTICE

ANNUAL TOWNSHIP ELECTION

Monday, April 2, A. D. 1934 To the Qualified Electors of the Township of Farmington, County of Oakland, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will upon any day except Sunday and a legal holiday the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Second Saturday before any regular, special or official primary election and the day of such election.

istration does not apply to persons who vote under the Absent Voters' Law. (See Registration by Affidavit)

Notice is further hereby given that I will be at the Clerk's office, and at my residence, 20900 Pearl Street, Clarenceville, March 13, 17 and 20th. (LAST DAY, SATURDAY, MARCH 24) from 8:00 o'clock A. M. to 8:00 o'clock P. M. on each said day for the purpose of RECEIVING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL Resident of the precinct at the time of said registration and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Dated: March 7, A. D. 1934.

WILLARD CAMPBELL
 Township Clerk

even POTATOES taste better BAKED ELECTRICALLY

try them for yourself in the oven of one of these new TRIAL* ELECTRIC RANGES!

SPLIT open one of these baked potatoes that really make you hungry—sniff the aroma of its steaming hot, fluffy tenderness! Add a lump of butter, garnish with a sprig of parsley... then enjoy this flavorful and nourishing treat. In an electric oven the gentle electric heat penetrates the potato thoroughly and evenly. That is one of the reasons why electric baking is probably the most healthful method of preparation.

*We want you to try electric baking in your own kitchen. We want you to enjoy electric cooking without making any investment or being under any obligation. So we have arranged a special trial offer. We will

install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

Since this trial plan was begun a short time ago, over 1500 of our customers have taken advantage of the offer. Send in your application for a trial range today!

THE DETROIT
 EDISON CO.

A study of one thousand families using the electric range showed a cooking cost of

LESS THAN
 1¢
 PER POUND
