# MORE and LIGHT BETTER at Less Cost!

## with a Coleman Reading Lamp

You can fill any room in your home with an  
 abundance of pure-white brilliance... more light than  
 20 ordinary oil lamps will give. It's clear,  
 steady light almost like daylight... easy on  
 your eyes. Costs only a penny a night to  
 operate. Safe, can't spill fuel even if tipped  
 over. Can't be filled while lighted. Gives  
 years of dependable service.

### Here's the Lantern for Any Job, Any Night, in Any Weather

Handiest of all outdoor lights. Instant  
 lighting. Defies wind, rain and insects.  
 Specially built to stand hard usage. Just  
 the light for farms, dairies, camping, fishing  
 and general use. Various models from  
 only \$5.95 up.

SEE YOUR LOCAL DEALER  
 or write us. (C-4-403)

## Town Briefs

Mrs. T. E. Allen was a Detroit  
 visitor Wednesday.

Mrs. Floyd Nichols will be host-  
 ess to the Friday Bridge club at  
 her home Friday afternoon.

Plans are being completed for  
 the Mother and Daughter Banquet  
 which will be held at the Meth-  
 odist Church Wednesday, May 9.  
 (The program will be announced  
 later.)

Mrs. Minnie Wilbur has been  
 spending the past few days at the  
 home of Mr. and Mrs. C. W. Wil-  
 bur.

Mrs. T. E. Allen and Miss Sadie  
 Heeney spent Sunday at the home  
 of the former's daughter Mrs.  
 Arthur Atchison of Ferndale.

Mrs. Floyd Hallock and daugh-  
 ters Rosemary and Shirley, and  
 Mr. and Mrs. Reed Webster and  
 daughter Margaret attended a  
 theatre in Detroit Saturday even-  
 ing.

The Garden Club will hold a  
 Benefit Dessert Bridge at the  
 home of Mrs. Elmer Dohany Fri-  
 day at 1:00.

 ray spent Wednesday in Oxford  
 on business.

Rev. and Mrs. F. A. Lendrum  
 and Miss Emily Butterfield called  
 in the latter's father, Wells D.  
 Butterfield in Detroit Wednesday.

Mr. and Mrs. William Lovejoy  
 of Painesdale, Mich. are spending  
 a few weeks with the latter's par-  
 ents, Mr. and Mrs. A. L. Ross and  
 also with friends and relatives in  
 Detroit.

Mrs. Clarence Bicking, Mrs.  
 Isaac Bond and Mrs. Reed Web-  
 ster attended the Past High  
 Priestess noon luncheon at the  
 Hotel Wolverine in Detroit Mon-  
 day.

Mr. and Mrs. Charles Thornton  
 of Highland Park and Mr. Mur-  
 ray Moore motored to Adrian Fri-  
 day where they were dinner guests  
 of Miss Marguerite Moore.

Mr. and Mrs. T. H. McGee were  
 Pontiac visitors Thursday.

Mr. and Mrs. John Wagner of  
 Clarenceville spent Sunday even-  
 ing at the home of Mr. and Mrs.  
 Reed Webster.

Mrs. Norman Barrons spent  
 Monday evening at the home of  
 her mother, Mrs. R. C. Rossiter in  
 Detroit.

Mrs. Walter Coon and son  
 Frank spent Tuesday at the home  
 of Mr. and Mrs. Frank Bradley.

Mrs. Charles Graham of Keego  
 Harbor is seriously ill at her home.  
 Miss Madeline Walters and Mr.  
 Walcott Norberg were Thurs-  
 day dinner guests of Mr. and  
 Mrs. John Riggs of Silver Lake.

Mr. and Mrs. Sam Turner and  
 daughter Joan were Detroit visi-  
 tors Saturday.

Jack Savaris of Detroit spent  
 Saturday at the Norman Barrons  
 home.

 son Donald of Adrian were Sun-  
 day dinner guests at the home of  
 Mr. and Mrs. Charles Walling.

A gadget has been perfected for  
 measuring the inside of the hum-  
 an brain. That ought to enable sci-  
 ence to give us the lowdown on  
 radio crooners.

Farmington, Mich.,  
 April 12, 1934.

### NOTICE OF INTENTION TO APPLY FOR STATE BANK CHARTER

The undersigned persons hereby  
 give notice that they intend to  
 make application to the Commis-  
 sioner of the Banking Department  
 of the State of Michigan, to or-  
 ganize a State Bank to be located  
 in the City of Farmington, Oak-  
 land County, Michigan, and for  
 the purpose of doing a savings  
 and commercial banking business.

Bruce S. Dickie,  
 Farmington, Mich., R. 1.  
 Floyd H. Nichols,  
 Farmington, Mich.  
 Z. R. Aschenbrenner, M. D.  
 Farmington, Mich.

Emory O. Hatton,  
 Farmington, Mich.  
 Howard M. Warner,  
 Farmington, Mich.

### DORMANT SPRAY REMINDER GIVEN BY COUNTY AGENT

The time for dormant spraying  
 is at hand and the time for the  
 delayed dormant spray is soon be-  
 here. Remember that all of our  
 recommendations are based on  
 the spraying calendar. Special  
 Bulletin No. 14 (revised). If you  
 have not received the 1934 Calen-  
 dar, write K. D. Bailey, County  
 Agricultural Agent, Box 173, Pon-  
 tiac, Michigan.

### Peaches

The dormant spray for peaches  
 controls leaf curl, scale, and  
 mites. If scale and mite are not  
 present, apply 5 gallons of lime-  
 sulphur to make 100 gallons of  
 water. If scale is present increase  
 lime-sulphur to 12½ gallons. If  
 mites are present use a 3% oil  
 spray. Remember that a fungicide  
 is necessary for peach leaf curl  
 and therefore if oil is used a fun-  
 gicide must be included. To make  
 a 3% oil spray with fungicide  
 add 4½ gallons of home-  
 made oil emulsion to 100 gallons  
 of Bordeaux (8-12-100). Spray be-  
 fore buds swell. With no fruit, one  
 dormant spray is all that peaches  
 probably will need. If peaches get  
 leaf curl this year they will have a  
 hard time recovering from any  
 winter injury they may have had.  
 The dormant spray applied prop-  
 erly before buds swell completely  
 prevents curl-leaf.

Dormant—Apply a drenching  
 oil spray immediately consisting  
 of 3% home-made heavy oil emul-  
 sion or commercial oil spray; ac-  
 cording to the manufacturers' rec-  
 ommendations for control of psylla,  
 scale insects and mites.

Delayed Dormant—Use Borde-  
 aux 3-8-100 for scale and add 3  
 pounds lead arsenate for chew-  
 ing insects. Lime-sulphur can be  
 used for scale control. If used it  
 is suggested that 2 to 2½ gal-  
 lons be used in 100 gallons of  
 spray for the pre-blossom ap-  
 plications and that the less injur-  
 ious sulphurs be used after bloss-  
 oming.

Apples  
 Dormant spray should be com-  
 pleted before green tips appear.  
 For scale use lime-sulphur 12½  
 gallons in 100 gallons of water;  
 3% home-made oil emulsion or  
 proprietary oils according to man-  
 ufacturers' recommendations. Oils  
 control both scales and European  
 red mite; lime sulphur does not  
 control mites. If leaf rollers are  
 present a spray containing 8%  
 actual oil is necessary.

Delayed Dormant—Use lime-  
 sulphur, 2½ gallons in 100 gallons  
 of spray for scale and add lead  
 arsenate, 3 pounds for chewing in-  
 sects and 1 pint of nicotine-sul-  
 phate if aphid protection is want-  
 ed. This is a very critical spray  
 and thoroughness of application  
 determines success or failure.  
 Apply when leaf tips are ¼ to ½  
 inch in length. For controlling  
 aphids complete each tree or at  
 least each row as a unit before  
 going on to the next.

The present indications are that  
 scale pores will begin discharging  
 by the delayed dormant period.

Raspberries  
 For all Black Cap (Latham  
 and King red raspberries), spray  
 with lime-sulphur one gallon in  
 ten gallons of water when buds  
 show green. This spray is for an-  
 thracnose. A casein spreader is  
 advised to help coat the canes.  
 One pound casein in 100 gallons  
 of spray. Bordeaux 4-4-50 with  
 fish-oil soap sticker could be  
 substituted for lime-sulphur for  
 the delayed dormant anthracnose  
 spray.

General Spraying Recommen-  
 dations  
 Observe the usual precautions  
 in the use of oil sprays. The most  
 important is to refrain from  
 spraying when the temperature is  
 below 40° F. or if the temper-  
 ature is likely to drop to the free-  
 zing point before the spray is  
 thoroughly dry. Do not overspray  
 with the higher concentrations of  
 oil.

Consult spraying calendar fre-  
 quently.

This information made available  
 by the Horticulture Department,  
 Michigan State College.

Canvas Hose Irrigation  
 Mr. George Amundson, Agricul-  
 tural Extension Engineer, will be  
 in the County April 19th to con-  
 sult with those interested in put-  
 ting in canvas hose. If you want  
 Mr. Amundson's help, drop me a  
 line and we will call at your place  
 that day.

K. D. Bailey,  
 County Agricultural Agent

Jean Storms Reviews  
 Book At Club Meeting

The Farmington Junior Women's  
 Club met Tuesday evening at the  
 home of Miss Helen Hurd. Jean  
 Storms reviewed the book "Patch  
 Work Quilts" by Ruth Bradley.  
 Mothers of members were guests.

The club received notice that  
 Jean Storms had been elected  
 corresponding secretary of the  
 County Federation of Junior Clubs  
 at the meeting held at Oxford the  
 previous Saturday.

The next regular meeting  
 occurs in two weeks at the home  
 of Mrs. S. J. Heaney.

No Mice, No Snakes  
 There are no mice in the northern  
 reaches of Greenland, and that region  
 rates with Ireland in the absence of  
 snakes. Hares are about the only  
 creatures that are really numerous in  
 the land and it would be difficult to  
 find wilder specimens than the Green-  
 land variety, which is white the year  
 around.

The Word "Climax"  
 The word "climax" comes from the  
 Greek and meant originally a ladder  
 or stairway. In the ancient Greek  
 theaters the stairway which led from  
 the lower part to the upper seats bore  
 that name. In rhetoric, a climax is a  
 statement in which the thought leads  
 upward step by step to a culminating  
 point. An anti-climax is the opposite.
