Only

# CHEVROLET

can afford to put

## FULLY ENCLOSED KNEE-ACTION

with

## SHOCK-PROOF STEERING

on a low-priced car

When you pay the price of a Knee-Action car, you naturally want genuine Knee-Action and all that goes with it. You want the new gliding ride at its best. You want the huskiest, sturdiest front-end you can buy. And, of course, you want shock-proof steering. You pay for them all—but you get them all, in the low-price field, only from Chevrolet. The reason is simple. Fully-enclosed Knee-Action wheels are costly to build—so costly that only Chev-

Drive it  
only 5 miles  
and you'll never  
be satisfied with any  
other low-priced car

Compare Chevrolet's low delivered prices and easy G. M. A. C. terms. A General Motors Value

vrolet, world's largest builder of cars, can afford to make the necessary huge investment in new machinery—and still keep prices among the lowest of the low. Only Chevrolet has the resources and the assured volume of sales that permit this extra production cost. Chevrolet does it because Chevrolet believes that, to KEEP ON SELLING THE MOST CARS, YOU MUST KEEP ON BUILDING THE BEST.
