

MICHIGAN BELL TELEPHONE CO.

"YOU'RE CONNECTED!"

This wife and her husband discussed having a telephone. They considered the convenience... the social and business advantages... the protection to life and property that a telephone affords. They compared its value with its moderate cost...

Now, their telephone is connected. The installer is leaving. From this minute on, the family can reach relatives and friends easily and quickly... can keep in closer touch with business associates. And, in case of fire, accident, sickness or prowlers, they can summon aid instantly by telephone.

You can have telephone service for as little as \$1.45 a month. Call, visit or write the Telephone Business Office to place an order. Installation will be made promptly.

Town Briefs
