**NOTICE ANNUAL SCHOOL MEETING**  
Notice is hereby given to the qualified electors of School District No. 5, City and Township of Farmington, that the annual school meeting for the election of two members of the Board of Education and for the transaction of such other business as may lawfully come before it, will be held at the High School, on Monday, July 9, 1934 at 8 P. M.

Florence E. Lee, Secretary

**NOTICE**  
I will be at the Farmington State Bank on Fridays and Saturdays, beginning next week, to receive City taxes. If paid in July, a 2% discount will be made. The flat rate will be charged in August and on and after September 1 there will be a 2% penalty.  
L. C. THAYER, City Treasurer 35-tf-c

## Invest for ... the Future

An investment for the future is always good business.

A small investment made now to repair the delicate mechanism of your watch may save you twice the cost in the future.

You are assured of expert workmanship here.

## WEST FARMINGTON

Mrs. Arthur Green will entertain the Willing Workers Thursday, July 5.  
Graham Giegler and Miss Kath Jean Rish called on friends and relatives here Sunday.  
Mr. and Mrs. Yvinn Knapp and Edith Graham spent Sunday at Lawrence Giegler's home at Hartland.

Mr. and Mrs. George Heliker, Jr. entertained several children at a wicker roast Tuesday evening in honor of their daughter Charlotte's birthday anniversary.

Several children from here are attending the vacation school at Walled Lake Baptist church. Miss Doris Green is teacher.  
William Knapp is spending this week with his aunt, Mrs. Lawrence Giegler and family.

Anyway one couldn't be expected to win much of a battle on a breakfast of corn flakes.

## Detroit Edison Runs Interesting Series

An interesting series of advertisements are running weekly in The Enterprise by the Detroit Edison Co. The advertisements give special attention to the company's electric hot water heaters which, it is said, will produce sixty gallons of hot water for 10c a day. Emphasis is also given to their electric ranges.

**CARD OF THANKS**  
Dear Anna: Nineteen months ago you died and loving, ever true, always. Ready with a helping hand and a smile, gone but not forgotten. Oh how can I live with out you. My love for you shall never die. At sore spot in my heart that shall never heal. One that loves you.  
Your Husband,  
Clarence Utley. 35-1-c

# We Believe it will go up

While it is impossible for anyone to make any absolute prediction regarding prices on any commodity, we believe we can perform a service to our customers by keeping them informed on the price trend. And it is our belief that the inevitable trend in coal prices will be upward—that any change which occurs is bound to be a price-advance. Therefore, it would be wise to place an order now.

We believe that by doing so you may enjoy a very substantial saving on your next winter's coal costs.

**FARMINGTON STATE BANK**  
2% paid on Savings Accounts

## Why Drive Anything Less than a V-8

When you spend your money for a car—get your money's worth. Get a car that has a V-type engine—the type of engine that powers the world's fastest automobile, the world's fastest speed boat, and the world's fastest plane. No other car under \$2500 has a V-8 engine — EXCEPT THE FORD V-8.

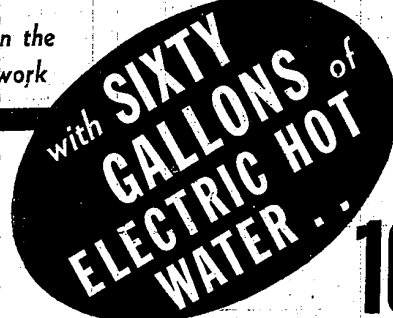

Once you sit behind the wheel of the Ford V-8—and feel its satin-smooth "pick-up"—you'll really understand why thousands of former expensive car owners are now owners of Ford V-8's.

Lighten the housework

A NEW arrangement now brings you Electric Hot Water service at a low rate. By taking advantage of our flat annual rate for year round service, you can enjoy 60 gallons of hot water for 10c a day, and 80 gallons for 12c. Should you desire to use the heater only during the summer months, you may also obtain a seasonal rate, somewhat higher—about 13c a day for 60 gallons, and 16c a day for 80 gallons. In this way, you have a measured supply of hot water, ample for your family's needs, at a definite cost per day.

You may rent or buy an electric water heater, whichever you choose. Rental rates for heaters are low, and if you prefer to buy the heater, convenient monthly terms may be arranged. The low rate for this service is made possible through the use of a specially designed heater which stores the hot water during the night hours.

Here are some helpful suggestions for making your housework easier and pleasanter with the use of hot water. These are practical ideas of proven worth:

Drying dishes is a tiresome kitchen task that can be eliminated when there is piping hot water on tap. The Cleanliness Institute in a bacteriological study of dishwashing has found that rinsing dishes with very hot water actually leaves them cleaner than wiping with an ordinary dish towel.

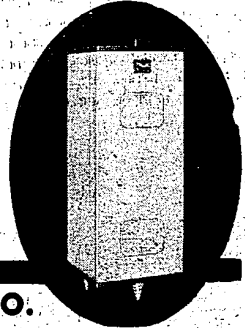

Certain fresh stains can be effectively removed from table linen by stretching it in embroidery hoops and holding it under the running faucet. The stains of coffee, tea and various fruits yield to hot water.

Starting with boiling water shortens the time of cooking vegetables, decreases the loss of food value and helps to retain their color.

In washing windows, mirrors, or glassware, add a little starch to warm water. Starch helps to remove the dirt, and gives the glass a bright polish.

To keep electric lamp bulbs at their brightest, dust them frequently and wash in lukewarm, soapy water every few months. Wash only the glass bulb and be sure that it is completely dry before screwing it back into the fixture.

The health and comfort of your family demands ample hot water, available 24 hours a day, the year round. Let us install an electric hot water heater today. Simply telephone or bring your order to any Detroit Edison office.

THE DETROIT EDISON CO.
