

Where Twins Are Rare
Twins are so rare an occurrence among the natives of Uganda that their arrival is held the occasion of a feast.

Ancient Statues Painted
The greater number of the statues and bas-reliefs that decorated the temples and tombs of ancient Egypt were painted.

Largest Rock Gardens
Cornell university at Ithaca, N. Y., has what are perhaps the largest rock gardens in the world. Two gorges, one of Cassadilla creek and the other of Fall creek, each more than a mile long and with banks sometimes rising 200 feet from the water's edge, constitute these gardens. They are the two gorges which bound the university campus.
