RETTER BUSINESS IS INDICATED BY REPORTS

Indications that business in Michigan is on the upgrade is shown by the manner in which corporations are filing annual re-ports with the department of

ports with the department of state.

According to the corporation division, over \$200,000 more had been received on August 15 in payment of 1934 corporation privilege taxes than had been paid in on August 15, 1933.

All corporations authorized to 50 business under the laws of Michigan must file annual reports by September 1 each year. This includes not only 19,00 companies incorporated to conduct business for profit ott also do not pay the privilege tax but which must make annual accountwhich must make annual accountings to the state.

Girl Gives Valedictory From Bed in Hospital

Jane Anno Slughter was valedictorian of the Cisrs of 1934 when it was graduated from the Junior High School at Hollis, Okla. But when she delivered her valedictory address, she did so not from the stage of the high school auditorium but from a bed in a Dallas, Tax, hospital.

Almost a year previously, while attending A Century of Progress Exposition in Chicago, Miss Siangher was struck by an automobile and suffered serious futury. Attrocking in a Chicago hospital for some time,

BELL'S RINGING SAVES FOUR IT ELAZING HOME

Patient's Call Rouses Doctor to Flee with Three Others from Early Morning Fire

Dr. William C. Henske, in his iso-lated cottage at Lake Wissota, near Chippewa Falls, Wis., was aroused at 4:30 o'clock one morning recently by the ringing of the telephone beh. But he did not answer the tele-

Strange, indeed, are the workings
of fate. The patient, whose wife had
durned to the telephone to summon
aid, succumbed before the doctor
could reach him, but the telephone
call which had been made to save
his life was responsible for saving
the lives of four other persons.

ATHLETES IN HIGH SCHOOL MAY GET TUBERCULIN TESTS

Tuberculin testing of all athletes who enter high school or collegiate competitive sports in the state and annual X-ray examination thereafter, may result from high school track man, who died of tuberculosis last year.

"We are considering such a proposal to be made to the school authorities throughout the state," Dr. Bruce H. Douglass, president

of the Michigan Tuberculosis Association announced this week, "If Leo had been examined by tuberculin test and X-ray when he first went out for the track team at Allegan, he, like "Lefty" Leftyere, basketball star of Monroe, would most likely be alive today." "Instead, he had just received a physical examination, given him in 1932. This examination was made without tuberculin test or X-ray, only nine months before his death, but it did not show the incipient form of tuberculosis waiting within his body to attack him when his resistance was low. Only the X-ray would have discovered that."
