"Wild Gold" Is Billed For Northville Theatre

What is said to be one of the greatest casts ever assembled, both from the standpoint of number and of quality, brings RKO-Radio's dramatic romance, "The Life of Vergie Winters," to the screen.

Ann Harding is starred in the title role of the production, and John Boles plays the leading male role. It is the first picture in which these outstanding favorites have appeared together and comes to Northville Friday.

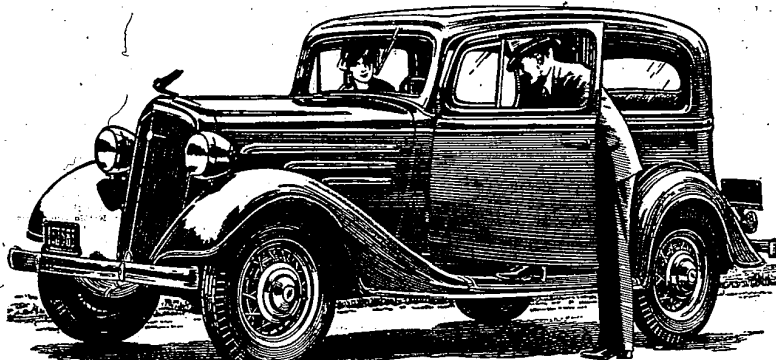

The 1934 gold rush is on! Picturesque mining camps, abandoned for years, are taking on all the appearance of the good old days of '49. Ghost towns of the west are springing to renewed life as men and women alike scour

the hills for new veins of the precious metal. Abandoned shafts are being reopened. Business is booming. Mine stocks are soaring.

This is the dramatic theme of "Wild Gold," featuring John Boles, Claire Trevor and Harry Green, which comes to the Northville Theatre on Wednesday. It's a new gold rush to an old ghost town. In '49 it was a roaring inferno of men, women, greed, drama and sin. Today there's a new gold strike, and the town roars into frenzied new life.

Let Chevrolet tell its own story
of riding and driving comfort

Make the ownership
test

THE best way to get at the truth behind the fine things you hear and read about the new Chevrolet, is to get in the car and drive. Take this car, drive it over the same routes, in the same way you drive your present automobile, and let the results you can see and feel tell their own story. You have heard that Kneec-Action makes bad roads good, and good roads better. A ride will prove it. You have heard that Chevrolet provides shock-proof steering, Synchro-Mesh gear-shifting, a remarkably flexible 80-horsepower engine, and cable-controlled brakes. A few minutes at

the wheel will show you what a difference these advancements make in safety and driving ease. And when the ride is over, and you step out refreshed and ready for more, you will know why so many thousands have found it impossible to return to ordinary driving after an experience like this. That is the Ownership Test—easy, enjoyable, and the most practical way to choose a car.
