CHEVROLET GIVES LEGIONNAIRES USE OF 75 NEW AUTOS

American Legion delegates from Chicago to the National convention at Miami, Fla., October 22-25, will make the trip in a motorcade of 75 new Chevrolets.

Five trucks will follow the caravan carrying baggage and band instruments.

The Chevrolet Motor Company has donated this huge fleet, with blue bodies and gold wheels, the Legion colors, and the sides of each car will bear the insignia of the veterans' organization.

On arrival at Miami, the cars will be used as "Official Courtesy" cars to take care of the Legion's distinguished guests who will attend the convention.

The Chicago Legionnaires, 350 in all will be accompanied by the Chippily Post drum and bugle corps.

At Miami they will compete with the drum and bugle corps from other Legion posts for national honors.

On the way, this Chevrolet motorcade will bring a touch of the national convention to scores of cities and towns.

At many points local posts are arranging ceremonies of entertainment for the Chicago delegates.

The return trip to Chicago will include visits to important points along the Atlantic seaboard.

400 MOTORISTS TO GET REFUNDS FROM STATE DEPARTMENT

Although all automobile weight tax refunds were mailed early in June to automobile owners who had secured 1934 license plates before the weight tax was reduced, there are slightly more than 400 motorists who have not yet received their refund vouchers.

The reason is because the Department of State has been unable to secure correct mailing addresses. When motorists had moved without leaving forwarding addresses, the refund vouchers were returned to the department where they are held until the proper address is received.

Slightly more than 257,000 automobile owners have received refunds this year following a reduction in the tax rate from 85 to 35 cents per hundredweight.

Clarenceville Eleyen To Meet Redford Union

Clarenceville football team will meet the Redford Union team Friday in Clarenceville's third game of the season.

In the opening game, which was played at Flat Rock, the team was defeated, due mostly to stage fright. The team later came back and lost to Farmington Reserves by a touchdown.

Farmington scored on two long passes.

The probable starting lineup for Friday's game follows: C. Nelson, left end; L. Owens, left tackle; M. Byrnes, left guard; R. Clark, center; E. Kalleen, right guard; D. Gould, right tackle; S. DeYoung, right end; R. C. Eary, quarterback; C. Rose and F. Derack, halfbacks; F. Campeau, fullback.

Little Damage Done By Pair of Blazes

Two fire calls within 12 hours gave Farmington fire department its first runs in more than a month this week.

Little damage was done by either blaze.

The Township truck responded Monday night to a call from Green River, just off Orchard Lake Road where a stump was blazing.

The second call was sounded Tuesday morning from the Kelly residence on Grand River where sparks from a defective chimney had set fire to the attic.

A lawn hose kept it from spreading until the department arrived.

The Highest Weather Station

The highest weather station ever maintained was on top of Mt. Mist, a Peruvian volcanic mountain 19,200 feet above sea level.

MICHIGAN BELL TELEPHONE CO.

SORRY, ED, WE HAD A RUSH JOB THE OTHER DAY AND COULD HAVE USED YOU. BUT YOU DIDN'T HAVE A TELEPHONE, SO WE CALLED JOHNSTON.

A TELEPHONE OFTEN HELPS FIND WORK

When an application is made for work, either to an employer or at an employment agency, it is very important that the applicant be able to give a telephone number at which he can be reached. For, when jobs open, the quickest and easiest way to summon workers is by telephone. Other things being equal, the applicant who has a telephone is quite likely to get first call.

Telephone service can be had for only a few cents a day. For complete information, write or visit the Telephone Business Office.

All Operators Volunteer for Duty While Flames Sweep Town at Night

Some of the telephone operators and men employees who voluntarily reported for duty during the disastrous Newburyport fire.

Every telephone operator in the city volunteered her services during the recent \$850,000 fire in Newburyport, Mass., the worst conflagration in that city since 1811.

Starting in the middle of the night, the fire swept a quarter of a mile or more along both sides of Merrimack street. Immediately, the local telephone office was taxed to its utmost by the volume of calls.

At the time, there were only two telephone operators on duty—enough to handle Newburyport's infrequent calls between midnight and 6 A. M. But it didn't take much time for the town to realize the seriousness of the situation. Even before their help was requested, every one of the 30 operators regularly employed in the Newburyport central office, and five part-time operators, reported to offer their services.

Several employees of the plant department also arrived to offer their aid in the emergency.

It was an unusual sight which greeted Frank Manager Louis G. LaPoint when he arrived upon the scene from his home in Salem. Along the length of the entire switchboard were girls attired not only in ordinary street dresses but in evening gowns and even in pajamas and bathrobes. The latter were worn by operators who had hastened from bed to help at the switchboard, while the evening gowns were worn by some who had been attending a dance and who came directly from the dance floor to the telephone office.

City officials, including the mayor and chief of the local fire department, commended the operators for their service in calling forth outside fire departments and for their help in securing other assistance.

Co-Operation Asked Of Pheasant Hunters

If you shoot a banded pheasant this fall the Department of Conservation would like to know about it.

Several thousand pheasants have been released by the Department in various parts of southern Michigan where cover and food conditions are favorable. All of the male birds released as well as a large number of the hens have an aluminum band on one leg or a tag on one wing inscribed as follows: "Department of Conservation, Lansing, Michigan, E1289."

City officials, including the mayor and chief of the local fire department, commended the operators for their service in calling forth outside fire departments and for their help in securing other assistance.
