SENATOR MOORE ADDRESSES WALLED LAKE AUDIENCE

Senator A. L. Moore of Pontiac addressed a group of citizens in the Walled Lake High School auditorium last Thursday night on the subject, "The Proposed Amendments and Their Probable Effect on Michigan's Financial Future."

In his discussion Senator Moore spoke as a citizen and taxpayer, and avoided any party issues or campaign propaganda. He said that by the passage of Amendments 2 and 3 the funds that are available to pay road bonds and to assist counties in taking over Township roads would be decreased so much as to make it probable that the real estate tax would be increased for that purpose.

REDFORD

In relation to schools, Mr. Moore said that the removal of the sales tax from gasoline and from automobiles would reduce the total sales tax receipts by some five million dollars, thus completely removing the surplus sales tax that should become available for school purposes and probably removing approximately half as much as the entire primary interest fund from school revenues.

Mr. Moore spoke favorably of Amendment 5, stating that it was a step in the right direction and would allow people to support the government in proportion to their ability to pay. He added, however, that if amendments 2 and 3 were passed, the large incomes of the oil companies and automobile companies would be exempted from contributing their proportionate share for the support of schools.

Amendments 2 and 3 were termed unfit for consideration as part of a constitution, but rather suited to legislative consideration from term to term.

In considering the other amendments Mr. Moore stated that when undecided he always voted "No."

Walled Lake Wins
Walled Lake trimmed Keego Harbor on the Keego field to the tune of 36 to 0 last Friday afternoon.

The Resorters started out with a bang after kicking off and forced Keego to punt. Walled Lake then gained ground on a punt by Harris who changed off with Myers in punting and passing. Keego could not gain through the line nor on passes.

Powar made a splendid run back of Keego's punt and in a few minutes he put the ball across Keego's goal line for the first of Walled Lake's six touchdowns. Keego seemed to have new spirit in the second quarter but held the Resorters only a short while when

after gains through the line, Richardson broke through for the prettiest run of the game, with no interference, except that which had helped him get loose. He went through the wall of Keego's line which had been spread out expecting a pass, before he was brought down from behind on Keego's forty-yard line. After two line plays Richardson completed a pass from Harris for the second time. Myers was stopped short of the goal on the try for the extra point.

Myers, hard driving fullback for Walled Lake, crossed the opponent's goal line for the extra point of the second half. All tries for extra points failed, partly because of the clouds of dust that enveloped the players and officials on every movement.

Just before the final touchdown Bowers, who had substituted for Power, intercepted one of the many passes tried by the Keego backfield and ran forty yards before he interfered with his interference and fell near the Keego goal, paving the way for Myers last tally.

Coach Harold Hursh used most of his first and second team substitutes during the second half. The game was marked by clean hard playing with no severe penalties.

Dorothy Houghton is absent from school because of a recent operation in St. Joseph Hospital, Pontiac.

Ray Marsh has contributed the apples for the F. F. A. to make cider for the Fair booth. The boys depend on this booth to largely defray the expenses of the premium list.

The grade program will be held Thursday evening and the high school program of one act plays Friday evening at the Walled Lake School and Community Fair. Exhibits will be open Thursday evening and all day Friday.

GENERAL PRIMARY ELECTION

Notice is hereby given that a General Primary Election will be held in the Township of Farmington, County of Oakland, State of Michigan, at the Farmington Town Hall, Precinct No. 1; and at 22324 Grand River Road, Precinct No. 2; within said Township, on TUESDAY, NOVEMBER 6, 1934.

For the purpose of voting for the following officers, viz: for STATE—One candidate for Governor; one candidate for Lieutenant Governor.

CONGRESSIONAL—One candidate for Representative in Congress for the Congressional district of which said Township forms a part.

LEGISLATIVE—One candidate for Senator Legislature for the Senatorial District of which said Township forms a part. One candidate for the Legislative district of which said Township forms a part.

COUNTY—Also candidates for the following offices, viz: Judge of Probate, Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, Circuit Court Commissioners, Coroners, Surveyor.

And the following initiatory petitions and resolutions:

1. Adding New Section 23 to Article VII of the Constitution.
2. Adding New Section 23 to Article Q of the Constitution.
3. Adding New Section 22 to Article X of the Constitution.
4. Adding New Section 1-A to Article VIII of the Constitution.
5. Adding Sections 3 and 7 to Article X of the Constitution.
6. Legislative Resolution, 1933.

Article VII
Relative to Opening and Closing of the Polls.

Elections Revisions of 1931—No. 410—Chapter VIII.

Section 1. On the day of any election the polls shall be opened at seven o'clock in the forenoon, and shall be continued open until six o'clock in the afternoon and no longer; PROVIDED, That in townships the board of inspectors of election may, in its discretion, adjourn the polls at twelve o'clock noon, for one hour, and that the township board in townships and the legislative body in cities and villages may, by resolution, provide that the polls shall be opened at six o'clock in the forenoon and may also provide that the polls shall be kept open not later than eight o'clock in the evening of the same day. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

THE POLLS of said election will be open at 7 o'clock a.m., and will remain open until 8 o'clock p.m., Eastern Standard Time, of said day of election; unless the Board of Election Inspectors shall, in their discretion, adjourn the Polls at 12 o'clock noon, for one hour.

Dated Oct. 22, 1934.
WILLARD CAMPBELL,
Clerk of Said Township.

Homemaker's Corner

by
Home Economics Specialists
Michigan State College

Carrots, prepared in a variety of ways, are one of our best known companion dishes to go with meat and potatoes. But have you ever considered them for pie filling? This yellow vegetable is an excellent pie-maker, according to home economics extension nutrition specialists of Michigan State College.

The carrot pie filling may be made of a spiced custard mixture, similar to pumpkin or squash filling, or the carrots may be ground or grated with raisins in a sweet filling something like mince meat.

To prepare the custard mixture for the filler, wash, scrape, and cook eight to ten young carrots in a small quantity of water until tender. Drain and press them through a sieve. Then heat one and one-half cups of carrots with one cup milk, one-half cup sugar, one teaspoon cinnamon, one-half teaspoon allspice, one-fourth teaspoon mace, and one-half teaspoon salt in a double boiler; Add this to two well beaten eggs and two tablespoons of butter. Pour the

hot filling into a deep, crisp baked pastry shell. Bake in a moderate oven about 30 minutes, or until the filling sets.

Another unusual fall vegetable pie is green tomato mince meat. Chopped green tomatoes, tart apples, raisins, dried currants, chopped citron, brown sugar, vinegar, and seasoning of cinnamon, allspice and cloves are used. The mixture may be sealed in sterilized jars until ready for use.

Apple pie will probably always remain one of the old stand-by favorites of the American meal. Have you ever tried improving its flavor by adding a little fresh cider? Use thick slices of ripe, juicy cooking apples, dot with lumps of butter, generously sprinkle with cinnamon and mixed spices, sweeten with one-half cup sugar, and then add a small amount of fresh cider to moisten.

Don't Go Through Another Winter With That Wasteful FURNACE COIL

Many women tolerate the bother and inadequate supply of warmed water from various makeshift means in summer because they believe their furnace coil gives them FREE hot water in winter. This is an expensive notion because engineering tests show one out of every five shovelfuls of fuel burned in a coil-equipped furnace is used to heat the coil. What is 20% of your winter's fuel bill? Can you afford "coil-heated" water?

your NEW FALL MERCHANDISE needs MODERN LIGHTING

New merchandise may look old under poor lighting. To earn profits from your investment in new fall stocks, be sure your store is lighted according to modern standards.

Store lighting has made great forward strides in the past few years. New uses have been developed which make it of even greater help in speeding up sales, attracting new business, cutting overhead, building store prestige.

By means of the Sight-Meter Test you can be sure of your lighting. It costs you nothing, yet it may pay you immeasurably in increased business. Call any Detroit Edison office. One of our Lighting Engineers will bring a Sight-Meter to your store and let you use it yourself in checking the adequacy of your lighting. He will show you how to make your store lighting as modern as your merchandise.

You can use this Sight-Meter to check the lighting in your store. It will tell you, whether your store is well lighted according to modern standards. The test costs you nothing—it is part of our service to you. Call any Detroit Edison office.
