

SIMPLY PLUG INTO ANY
Convenience
Outlet.."DUTCH OVEN SUSAN"
The Electric Cookand DUTCH OVEN SUSAN
Cooks Your Complete Meal!!

WHAT could be easier than this modern way of preparing meals? Simply plug this handy electric cooker into any convenience outlet. It will easily hold a complete meal for a family of six—two vegetables, a roast, potatoes and gravy. While your food is cooking in Dutch Oven Susan, you can go out for the afternoon. When you come home your dinner is waiting, perfectly cooked— piping hot and ready for the table. Isn't this a pleasant way to prepare meals—easier than standing over a kitchen stove?

Dutch Oven Susan is the most complete cooking appliance of its kind on the market. It will roast all cuts of meat to perfection. It will fry eggs, steaks, chops, etc. It will bake

cakes, pies, cookies, biscuits and muffins; and it will hold half-quart pint jars while canning by the cold pack, hot water bath method. Yet it uses only about as much electricity per hour as an electric toaster, and it is so compact that it can be tucked away in a corner almost anywhere.

Dutch Oven Susan is available in several styles and sizes—made to fit your needs exactly. The medium size model will roast a 10-pound ham, a 6-pound chicken, or a large leg of lamb. The large size will easily accommodate a 12½-pound turkey. And there is "Small Sister" Susan, an electric casserole, with a two-quart capacity. See this modern appliance at all Detroit Edison offices, Department Stores and Electrical Dealers.

MILK
Is Satisfying

When you are in too much of a hurry to stop and eat your breakfast or lunch, drink a glass of milk. Milk is one of the most nourishing and economical foods; it contains all of the vitamins which are necessary for your health.

Milk is also a refreshing drink, especially invigorating during hot weather. Keep in good condition by drinking a quart of milk a day.
