Mrs. Ethel Middlewood will return Monday after a three weeks vacation.

Greatest English Actor David Garrick, who lived from 1717 to 1779, is regarded as the greatest English actor. He also wrote comedies and was for many years the manager of Drury Lane theater.

## Telephone Aids Police In Anti Crime Campaign

The protection made possible by the telephone in summoning police assistance, and through the quick dispatching of help by radio, is being stressed in Grand Rapids' newest fight against the underworld, designed to make the city one of the safest in America and to minimize the cost of the detection and prevention of crime.

To call these aids to the attention of the public for the purpose of gaining fullest possible cooperation in the crime war, the city's police department has enlisted the aid of the press, broadcasting stations, public utilities, and other utilities, and other business and industrial concerns, which are employing direct mail, window displays, newspaper advertising, and bulletin announcements in an educational campaign that covers the metropolitan area. The cooperation of all of the municipal organizations in the surrounding area also has been requested.

"When you want a policeman, telephone, and help will be dispatched immediately," police officials advise. "Do not delay matters by trying to find a policeman on the street or by running to a police call box—TELEPHONE. If you see anyone acting suspiciously or witness a crime, notify the Police department by telephone."

That is the message that is being given the Grand Rapids public in a campaign that is to be continuous. Upon the receipt of calls for help, radio-equipped police cars or motorcycle officers are dispatched instantaneously, and the result has been a material lessening of the activities of the criminal element.

## Lesson

Mary:—"Did you have a good time last night?"  
Jane:—"Yeah, but take my advice and never slap a guy when he's chewing tobacco."

**Life of High-Pressure Guns**  
The life of a large, high-pressure gun at normal rate of firing is about 150 shots. However, after the gun has fired this number of shots it is comparatively simple and inexpensive to bore out the liner and insert a new one, thus fitting the gun again for service.

**Sunflower Not Artichoke**  
The sunflower that is commonly called the Jerusalem artichoke is not an artichoke, and does not come from Jerusalem—thus giving a concrete example of the uncertainty of common names. It is a native of North America, and was cultivated by the Huron Indians.

## Service

That is Built on Mutual Confidence

When you come in here you know that you are dealing with men who are your neighbors, as well as your bankers. Meeting on this friendly familiar footing, there is a confidence felt on both sides. Do not hesitate to talk over with us any financial matters that may require attention. We shall consider it a privilege to co-operate with you in any way we can.

**My TRIAL ELECTRIC RANGE** has shown me a new means of getting away from a hot kitchen!

"I've always believed that the best way in the world to get away from a hot kitchen was to do just that... go to the mountains or the lake or the seashore, and enjoy cool breezes out-of-doors. But one can't spend the whole summer outside the city. And for those of us who must remain in the kitchen, I've found that there is still (thank goodness!) another solution to the problem. I've put a range in the kitchen that won't heat up the room... and life is much more bearable in the warmest weather. They told me that an electric range meant cool cooking comfort, and many extra hours to spend outdoors. My trial electric range has certainly convinced me that what they said is true!"

(Here are the details of the Trial

Plan for electric cooking: We will install an electric range in your kitchen without initial charge, so that you may give it a thorough trial. During this trial period, you simply pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!

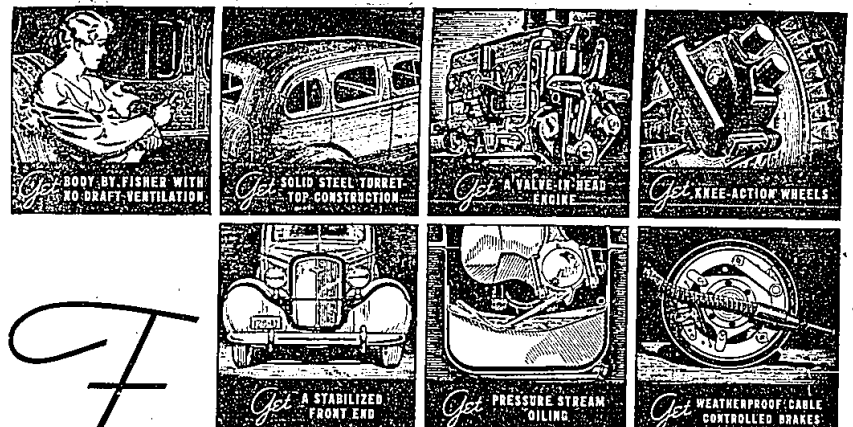

**THE DETROIT EDISON CO.**

A study of one thousand families using an electric range showed a cooking cost of less than 1¢ a meal a person.

## Get YOUR MONEY'S WORTH
