**Ford V-8 Streamlining Steps Ahead**

THE IMPROVED streamlining of the front end of the Ford V-8 for 1936 is well illustrated by this camera shot. Note the horn set into the fender apron behind a chromium grille and the way the graceful contour of the fender is carried to the edge of the new radiator grille. A glimpse of the new hood louvers is caught behind the headlamp. The V-8 insignia on the prow of the car is of new design.

**ADVERTISEMENTS  
Are Your Guides To Value**

Experts can roughly estimate the value of a product by looking at it. More accurately, by handling and examining it. Its appearance, its texture, the "feel" and the balance of it, all mean something to their trained eyes and fingers.

But no one person can be an expert on steel, brass, wood, leather, foodstuffs, fabrics, and all of the material that makes up a list of personal purchases. And even experts are fooled, sometimes, by concealed flaws and imperfections.

There is a sure index of value than the senses of sight and touch... knowledge of the maker's name and for what it stands. Here is the most certain method, except that of actual use, for judging the value of any manufactured goods. Here is the only guarantee against careless workmanship, or use of shoddy materials.

This is one important reason why it pays to read advertisements and to buy advertised goods. The advertised product is worthy of your confidence

## Cleanup Days Set For November 5 and 6

Farmington cleanup days have been set for November 5 and 6, when all the residents in the community are urged by city officials to don their old hats, sharpen up their rakes, groom the lawns and set to work leaving no stone or newspaper unturned in a campaign which will make Farmington glow in its cleanliness.

Believing Halloween pranks might interfere with the orderliness and arrangement of what will have been cleaned up, the commissioners have set the dates for the campaign in November. They hope this will give everyone ample opportunity to prepare himself so that he can enter into the spirit of the thing. Also, by that time the trees should be almost completely defoliated so that no one will be entirely lacking in an outlet for his pent up energy.

While the campaign is not based on the fact that there is a crying need for cleanliness, the slogan is thought perhaps to be a little bit of a joke in view of the approaching winter when snow will cover what the campaign is designed to remove. The immediate rewards for the success of the program will be the satisfaction of knowing that there will be less cleaning to do with the advent of spring.
