## WORK NEARING COMPLETION ON LOG CABIN

What has been heretofore a mys-  
tery for many people is gradually  
being unfolded as the spasmodic  
efforts on the part of its owner  
and his helpers are bringing the  
log cabin at Farmington road and  
the Cutoff nearer completion.

Little has been known about the  
structure since it was begun sev-  
eral months ago. A few men would  
work vigorously on it for a week  
or so at a time. Then they would  
give up as though in despair and  
nothing would be seen of them  
for several days when they would  
return and begin anew. The mys-  
tery deepened when nothing seem-  
ed to happen in the way of progress.

Then, suddenly, as though the  
builders had been working with  
muffled hammers in the night,  
several tiers of logs were added  
and window frames set in.

People who depend a lot upon  
the weather as the determining  
factor for things they cannot solve  
themselves, interpreted the cabin as an  
indication that the builder was  
anxious to get his work completed  
before winter begins. Whether this  
is so can be determined only by  
the person who is responsible for  
the building of the structure.

The builder is said to be the  
owner of a budt club situated on  
a 156 acre tract of woodland south  
of Brighton. It is from there that  
he transports the logs by means of  
a trailer to the scene of his pre-  
sent undertaking.

All of the work is being done by  
hand under the supervision of the  
owner who is expected to open a  
dining and dancing place when the  
completion of the cabin is reached.

Chevrolet to Make First  
Appearance Saturday

Residents of Farmington and vi-  
cinity will have their first oppor-  
tunity, Saturday, to inspect and  
ride in the new 1936 Chevrolet  
cars. It is announced by V. R.  
Blakeslee of George, F. Co.,  
Inc., whose showroom is being pre-  
pared for the large number of  
visitors which the event always at-  
tracts.

There will be both Master De-  
Luxe and new Standard Chevrolets  
not only for display purposes but  
for everyone interested in testing  
the performance and riding qual-  
ities of these new lines of cars,"  
said Mr. Blakeslee. "Due to the  
early start on Chevrolet prod-  
uction, we have cars on hand for  
immediate delivery, and the as-  
surance of prompt service on orders.  
However, the earlier the order is  
on hand, the sooner buyers will  
get delivery."

Orders received prior to to-  
morrow's announcement will be  
put on a preferred list for deliv-  
ery in the next few days. We know  
it will be greatly to the advantage  
of every prospective car buyer to  
see these two new Chevrolet lines  
before buying any car."
