

Michigan Named for Lake
Michigan was named after the lake; the name is said to be an Indian word meaning "great lake." It was first used for land area in 1805 when the territory was formed. The first permanent white settlement took place in 1668.

A sign by the side of the road as you enter a western town reads: "4,976 people died last year or less; 29 inhaled it; 37 put a lighted match to it and 4000 stepped on it."

Calendar of Coming Events

NOVI HIGH SCHOOL TO PRESENT MYSTERY PLAY
Lon Harter, a grouchy owner of a tavern, an aged, gray haired woman who wanders about the mill, a smart, smooth crook, all unite to make life interesting for Joyce and Florabel Wingate, Ralph Channing and Terry Tanner, who invade this property in the comic mystery, "Spooky Tavern," presented by Novi High School, November 13. Shots in the dark, blood-curling screams, are relieved by the amusing fears and frightened stuttering of Willie Worgle. Ghosts appear and disappear to the flashing of lightning roaring of thunder, and howling of wind as a storm rages about the lonely house of mystery. A surprise ending makes this a good story.

WANT-AD COLUMN

NEW CHEVROLET MODELS ATTRACT LARGE CROWDS

If the crowds who flocked to the salesroom of George F. Coon, Inc. of Farmington last Saturday are any criterion, the new plan of the automobile industry to help stabilize employment by introducing new models in the late fall is a promising success. Far exceeding the most optimistic expectations, a steady stream of visitors thronged the showroom from early until late at night, and not only did all admire the beautiful new Chevrolet models, but many remained to sign their names to orders. Several deliveries were made.

The crowd, according to Vic Blakeslee, manager of the agency was by far the greatest of any to visit a showing of new models since he came to Farmington. On display were both the master deluxe and standard lines of cars, each embodying many new features.

SYMPHONY CONCERT TO BE GIVEN AT MAY FESTIVAL

The Philadelphia Symphony orchestra, one of the most famous concert and recording musical organizations in the world, will provide the orchestral background for the 1936 May Festival. Final negotiations are being completed to bring the orchestra, under its noted conductor, Leopold Stokow-

ski, to Ann Arbor as the final stop on its coast to coast spring tour, according to Dr. Charles A. Sink, president of the University School of Music. The coming of the Philadelphia musicians will temporarily interrupt the service of the Chicago Symphony which has a record of 31 successive appearances at the Festival.

On November 11 the perennially popular Don-Cosack Russian Male Chorus comes for its fourth concert here. They will be followed on December 3 by the ninth ap-

pearance of the dean and greatest of violinists, Fritz Kreisler, whose popularity is unequalled among the university students. The last concert before the holidays will be given by the Boston Symphony Orchestra, on December 11. Under its master-conductor, Serge Koussevitzky, this great orchestra has played demand return engagements in Hill Auditorium for the last five years.

In the Public Interest

EVERY business exists by catering, directly or indirectly, to the public. The dealings of some are limited to a small group; but a business such as the Michigan Bell Telephone Company, which caters to every one, which keeps an important product available to all at any hour of the day or night, can be truly said to be engaged in public service.

Those conducting such a business assume an obligation which does not apply to every business; the very fact that telephone service vitally affects the public welfare, and is of daily importance in the social and business life of Michigan, places a serious responsibility upon the Michigan Bell Telephone Company.

In accepting that responsibility, the Michigan Bell Telephone Company established the following principle as its fundamental policy: To supply the people of Michigan with the best possible telephone service at the least possible cost that will maintain

existing standards and assure the improvements of the future.

This is not a mere theoretical motto. It is a plain statement of the permanent policy that governs this company's activities. Its importance is shown by the improvements which a faithful observance of that policy has produced in the service.

These improvements, revealed by accurate daily records, include a greater proportion of out-of-town calls completed while the subscriber holds the line; faster repair service; better equipment; increased speed and accuracy in handling local calls; unflinching courtesy; a steady decrease in "out-of-order" reports.

Such tangible, continued progress did not come by chance; it did not "just happen." It grew directly out of a sincere desire to serve the public well; out of the belief that the only policy which can work to the permanent advantage of any business is the policy that works in the interest of the public.

FREE TRIAL Try Before You Buy

We will install an Electrolux Gas Refrigerator in your home so you can learn for yourself the merits of Gas Refrigeration. THEN SHOULD YOU DECIDE TO BUY YOU CAN HAVE AS LONG AS 3 YEARS TO PAY.

the ONLY refrigerator that can give me ALL the advantages I want?

- Low operating cost
- Permanent silence
- Nonmoving parts to wear
- PLUS Modern conveniences
- Modern beauty

Because, dear lady,

Electrolux differs in basic principle from every other refrigerator... it's far simpler... more efficient

ONCE you understand the fundamental differences in Electrolux operation, it's easy to see why this remarkable refrigerator excels. For every point of difference means an important advantage. Electrolux hasn't a single moving part. A tiny gas flame does all the work... circulates the simple refrigerant, which is cooled by ordinary air.

This utter simplicity permits an amazingly low cost to run, keeps Electrolux always silent (there are no moving parts to cause noise), insures fullest food protection, and eliminates depreciation due to moving parts that wear.

In addition, Electrolux brings you finest modern beauty... every worthwhile convenience to lighten kitchen work and give you more leisure hours. Today—come in and inspect the new 1935 models. Discover for yourself the secret of Electrolux's unsurpassed performance.
