 COMPANY, formerly
 Equitable and Central
 Trust Company, a Mich-
 igan corporation, No. 20,797
 TRUSTEES IN THE Es-
 tate of F. H. WAR-
 NETT (Fred W.),
 (Frederick H. Warner)
 In pursuance of a decree of the
 Circuit Court in Chancery, made and en-
 tered on the 24th day of November,
 1934, in the above captioned cause, I,
 the subscriber, a Circuit Court Com-
 missioner of the County of Gaylard, shall sell at public auction or ven-
 ditor to the highest bidder, at the
 eastern or Saginaw
 street, in the City of Pontiac, in said County
 of Oakland, on the 4th day of December,
 1935, at eleven o'clock in the fore-
 noon, Eastern Standard Time, the
 following:

(1) Beginning at the Northwest
 corner of said Section Eight (8);
 (2) thence running easterly along the
 North line of said Section Eight (8)
 one-eighth (1/8) of the Northeast
 one-quarter (1/4) of said Section
 Eight (8); thence southerly along
 said one-eighth line to the center
 line of the public highway running
 northwesterly through the North-
 east quarter of said Section Eight
 (8); thence Southeasterly
 along the center line of said
 public highway to the East line of
 said Section Eight (8); the line of
 said Section Eight (8) to a point
 three hundred eighty (380) feet
 northerly along the East line of
 said Section Eight (8); thence
 Southeasterly along the arc of a curve
 having a radius of 100 feet to a
 point on the East line of said
 Section Eight (8); the East line of
 said Section Eight (8) located four
 hundred eight (408) feet
 easterly along the East line of
 said Section Eight (8); from said
 corner, thence westerly along said
 East and West quarter line of said
 Section Nine (9), sixty-six (66)
 feet; thence southerly along the
 West line of said Section Nine (9),
 two hundred fifty (250)
 feet; thence westerly along a line
 parallel to the East and West quar-
 ter line of said Section Nine (9) to
 its intersection with the easterly
 line of said Section Eight (8);

Harry M. Nesman, former superintendent of schools at Walled Lake, has been retained by the State Department of Public Instruction in spite of the many changes which have been made in the department since the appointment of Dr. Eugene B. Elliott as superintendent. He will be a school board counsellor, having been heretofore the department's director of finance.

MILK PRODUCTION CONTROL PLAN TO CONTINUE

Seventeen men, one from each county producing milk for the Detroit market, have been meeting and studying changes that might be made in the present base and surplus milk control program, which has been in use for the past three years.

These men, all members of the Michigan Milk Producers association sales committee, figured the changes from many different angles. Some unusual changes were suggested by some members, hoping a better plan might be the result. After every conceivable plan or change was presented and each suggestion discussed in detail, the committee finally voted to leave the plan as it is for another year.

BEE TUPS MAY BE HARMFUL TO MILK

Feeding beet tops to dairy cattle may cause a flavor in the milk which is distasteful to some people and in the care of the milk, according to the dairy department, at Michigan State college.

CHANGE OF ADDRESS

Ample notice of change of address should be given when moving. Notice should be given before changing if possible.

By allowing as much time as possible to make changes in addresses, readers may avoid any missing issues of the paper as well as second-class mail is NOT forwarded by the postoffice to new addresses by the subscriber—consequently the subscriber must notify the publication beforehand in order to be sure of receiving his copy of the publication.

Somebody said Uncle Eben, "you see a reform shouter dat 'ike a lawn mower don't stop 'till it kin make a right cut w'at 'er neighborhood, but it don't cut no grass."

DON COSSACK CHORUS TO SING IN ANN ARBOR

The Don Cossack Russian Male Chorus, consisting of thirty-six expatriated officials of the former Imperial Russian Army under the leadership of the magnetic, but diminutive Serge Jaroff, will give a concert in the Choral Union Series, Hill Auditorium, Ann Arbor, Monday evening, November 11, at 8:15 o'clock.

This organization has won a forefront position for itself among great singing bodies. Members of the Imperial Army, who were leaders of the revolution, they found themselves prisoners in the south of Russia. Without instruments or music of any kind, they attempted to pass away the weary hours by engaging in singing. Under the stimulating influence of their brilliant leader, they managed to offer themselves as a sort of substitute for an army band; and made such an impression upon the "concert" that they were accorded some privileges. After the war, they could not, of course, return to Russia. They managed to find employment as church singers in one of the Balkan states. Here their musical talents became pronounced and shortly thereafter they were invited to give concerts in continental Europe. Later, when a tour to America was proposed, after considerable negotiations, they were at last permitted to make use of the "Nansen" passports issued by the League of Nations, since they are "men without a country."

ECONOMIST TO SPEAK AT FISHER THEATRE

John T. Flynn, one of America's foremost speakers and writers on problems of national economic importance, will be the Town Hall speaker in the Fisher Theatre Wednesday morning, Nov. 13, at eleven o'clock. His subject will be "If I Were President."

Mr. Flynn's predictions before the crash of 1929 and their amazing fulfillment, jumped him to the top of the list of speakers. As a result of his warnings about speculation, holding companies and corporate abuses, he has been sought by magazines of all kinds. His books, consisting of graft and political business abuses have been widely influential. His "Investment Trusts Gone Wrong" resulted in an investigation by the attorney general of New York and tickets for his lecture are now available at Grinnell's and Monday, Tuesday and Wednesday at the Fisher theatre.

REPORT MADE FOR NATIONAL DAIRY PRODUCTS

The month of September closed with 718 cows on test in the Oakland County D. H. I. A. This is the largest number of cows that has ever been on test in this association.

16 Cows Exceed 50 Pound Level
 There were 32 cows producing in excess of 1250 pounds of milk and 16 that produced above 50 pounds of butter fat in the 30 day period. The average production of all cows was 604 pounds of milk and 23.34 pounds of butterfat.

Farmer's Herd High

O. C. Farmer, of Pontiac, owns the highest producing herd of 28 pure bred and grade Guernseys averaged 713 pounds of milk and 32.21 pounds of fat.

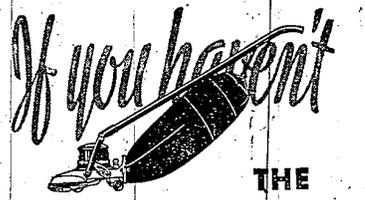

The E. D. Horton farm, of Holly, also has a most creditable production. Its 41 pure bred and grade Holsteins averaged 914 pounds of milk and 31.77 pounds of fat.

Mrs. E. M. Pricker's herd of 25 pure bred Guernseys are next in line, with an average of 652 pounds of milk and 29.90 pounds of butter fat, followed by Dr. L. F. Cobb, with 24 pure bred and grade Guernseys averaging 620 pounds of milk and 29.66 pounds of fat. Grade Holstein produces 61 pounds of Fat

Earl Miles, of Rochester, owns the leading cow of the state, a grade Holstein with 1395 pounds of fat, while Wm. H. Gallagher, also of Rochester, has the next cow in line of production, a registered Guernsey with 1140 pounds of fat.

Interest in Dairy Herd Improvement work has reached a point where there is now a demand on the part of a number of dairymen for the formation of a second association in milk if the managers and stable are kept free from portions of the beets not eaten by the cows. High producing cows and low producers appear to be affected equally by beet tops, as far as abnormal flavors are concerned. Storage of milk does not seem to intensify any flavors that may be present.

Mrs. Millie Perrine of Redford was the Sunday dinner guest of Mr. and Mrs. Otis Jensen.

HOOVER

YOU CAN HAVE IT NOW

You needn't wait another day to own that Hoover you've set your heart on having. The new Model 300 gives you every essential Hoover convenience, the very latest Hoover features, at a startling new low price. See this sensational Hoover. Not a junior model—but full size and full Hoover quality. Has Positive Action, the Dirt-Finder, Duralumin Darning Tools for only a little more. See it—try it—without obligation. Easy terms, with small carrying charge.

Examine The 1936 Ford V-8

With its first appearance the Ford V-8 has scored another triumph in the low price car field. Retaining the features of the 1935 models which have contributed to its becoming the fastest selling automobile on the market, the 1936 Ford possesses many other outstanding improvements in beauty, design and in performance—yet the price of the Ford V-8 makes it within the income of everyone.

Make your appointment now with Olin Russell, Inc. for a demonstration of the New Ford V-8.

Mr. Bailey is working this week on obtaining new members for the second association. It is hoped this will be formed as early as possible. Mr. Bailey is working this week on obtaining new members for the second association. It is hoped this will be formed as early as possible.
