## Declines Position But Proves Qualifications

If the federal government's officials in charge of the youth betterment activities harken to the suggestions of Merton Hubbard Wheeler, of Farmington, there will be no dearth of ideas for activities

of the young people. Mr. Wheeler, who has been offered a position in the youth-training work, declined the place but left with the officials a list of 107 suggestions which might be followed out. More important, he is able to back up his ideas with real proof, for they are every one of them, things he has done himself. Out of the discarded

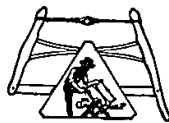

materials of all kinds from baskets, waste baskets, and boxes, he has fashioned cleverly made things that are useful and attractive. Thus Mr. Hubbard is fully qualified to speak on the subject on which he addressed the Exchange club Wednesday, "Leisure Time." His talk was greatly enjoyed by the club members.
