Impressive victory in famous economy run officially confirms Pontiac's superior economy!

The annual Yonville Valley Economy Run is the year's big test of economy claims—and here is what it revealed: Under American Automobile Association supervision, the 1936 Pontiac traveled 352 miles at an average of 23.9 miles per gallon (no oil added), creating all entrants in its class.

PUBLIC ENEMIES

THE SNAKE DRIVER

Weaving recklessly in and out of traffic, the Snake Driver is one of the most dangerous public enemies of the highways.

The second saved in his mad desire "to get there first" can never pay for the thousands of innocent victims left in his wake. Good drivers never take chances that unnecessarily endanger life or property.

New Submarines in Commission The U. S. S. Pike was placed in commission at the Navy Yard Portsmouth, N. H., on December 2, 1935, the second vessel to be commissioned under the program provided by the National Recovery Act.

The Pike, a sister ship of the Porpoise, which was commissioned on August 15, 1935 was designed for 1320 tons displacement.

No wonder the price of coal is going up. You heard about the coal miners getting a one cent raise on the ton.

JUST ABOUT EVERYTHING

Wife:—(Heavily) You're lazy, you are worthless, you're bad tempered, and you're a liar. Husband:—(Reasonably) "Well my dear, no man is perfect."

The belief among many fishermen that fish can hear them if they speak above a whisper is nonsense, according to zoologists' studies of fish. Fish have no external ears and cannot hear most sounds made outside of the water.

It's just as well to expect the unexpected.
