Men to Hold Meeting for Benefit of Boy Scouts

All men in Farmington and vicinity who are interested in Boy Scouts and Scouting work in this section are invited to attend a meeting at the Baptist Church on Friday, June 26, at 7:30.

The subject of the meeting will be to make arrangements to take all the Scouts in this district on several educational trips during the summer.

The meeting is called and will be in charge of C. L. Smith, district commissioner.

Rev. Miles Officiates at Novel Double Wedding

Agreeing that many novel incidents occur in the professional life of a minister, one may rest assured that when a minister himself thinks something is unusual, it surely must be worth writing home about.

Also agreed is that one of the most frequent and commonplace of a minister's duties is performing a marriage ceremony. Yet Rev. Gilbert A. Miles, pastor of the Farmington Baptist Church, had the unusual week of officiating at a truly novel wedding, or rather two weddings.

While one couple were speaking

their marriage vows the other couple "stood up" for them. Then

the newlyweds were the only attendants for the wedding of their bridesmaid and best man.

The two couples were John D. Healey and Vera Jackson, both of Detroit, and Albert Myers and Nona Kirk, also of Detroit.

Immediately after the ceremony

the Farmington Community Band

will play at a great gathering of

Masons, the St. John's Day League

second annual festival and old

time picnic June 27 and 28 at Ed-

wardine.

AUTOMATIC
but not as automatic as
electric hot water!

Set the automatic timer clock on your electric range, and it will turn the oven on and off automatically, cooking your dinner while you are out for the afternoon. But as time-saving as this convenience is, it is not as automatic as a new electric service for the home: ELECTRIC HOT WATER. Here is the last word in hot water convenience, and it is completely automatic—it requires no attention whatever. Summer and winter, day and night, year in and year out, you need only turn a faucet... and there is your hot water on tap.

This carefree service frees you forever from such bothersome details as running up and down stairs to light a manually operated heater, the annoyance of waiting for water to get hot, the inconvenience and delay caused by having only lukewarm water in the pipes. You will find an unlimited supply of hot water a great comfort in your home... for bath and shower, for shaving and washing, for cooking, cleaning, laundering, dishwashing and countless other daily tasks. Stop in at any Detroit Edison office and let us give you complete information—without obligation—on electric water heating.
