IT IS EASY to renew lamps..

The Detroit Edison Company's policy of renewing lamp bulbs makes it easy for you to keep your sockets filled with Mazda lamps of the right sizes. All you need do is to bring your BURNED OUT lamps to any Detroit Edison office, present your most recent electric bill for identification, and you will be given new lamps for old.

The Company's rule requiring you to bring your electric bill for identification is partly for your protection since it keeps others who are not Detroit Edison customers from getting lamps which you pay for in your rate for electric service. Also, this practice eliminates wasteful renewals and provides the Company with the necessary records on lamps passed out.

As part of its lamp renewal service, the Company will gladly advise you as to the proper sizes of lamps to fit your various needs, and will exchange large sizes for small, and vice versa. The next time you exchange lamps GET THE RIGHT SIZE.

Note: Lamps are renewed without extra charge only for residential and commercial customers paying lighting rates and in the following sizes: 25W, 40W, 60W, 100W, 150W, 200W, 300W, 500W, and 3-light lamp 100-200-300W.

Annual School Report

Annual School meeting of School District No. 6 Fractional, of the Townships of Farmington and West Bloomfield was held at the school house Monday evening, July 13, 1936.

Meeting was called to order by the President, Arthur P. Coe. The minutes of the last annual meeting and a financial report were read by the Secretary and accepted.

One trustee was to be elected. The term of Archie G. Leonard had expired. The President appointed John W. Brown and Robert McCrumb tellers.

Isaac Bond nominated Archie G. Leonard and was seconded by Robert McCrumb. Nominations were closed. On ballot Archie G. Leonard was elected trustee for the ensuing three years.

Moved and seconded that we adjourn. Carried.

Isaac Bond, Secretary.

**REGISTRATION NOTICE FOR
GENERAL ELECTION TO BE
HELD TUESDAY, NOVEMBER
3, 1936.**

To the qualified electors of the City of Farmington, County of Oakland, State of Michigan:

Notice is hereby given that in conformity with Michigan Election Law, I, the undersigned City Clerk will, upon any day except Sunday and a legal holiday, the day of any regular or special election or primary or general election received for Registration, the name of any legal voter in said City not already registered who may apply to me personally for such registration.

Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special or official primary or general election and the day of such election.

Notice is hereby further given to the qualified electors of this City, that I, the undersigned Clerk of said City will register qualified electors who may apply at my office in the Farmington State Bank on any business day up to and including Wednesday, October 1, 1936, the last day for general registration by personal application from 8 a. m. to 3 p. m. or at my residence at 33732 Grand River avenue, Farmington, Michigan, from 3 p. m. to 9 p. m. The name of no person but an actual resident of the City at the time for registration and entitled under the Constitution if remaining such resident to vote at the next election shall be entered in the registration book.

H. W. MOORE,
City Clerk.

Facts About the Telephone

Radio telephone service was recently opened between Manila and Cebu in the Philippine Islands.

Latest available data show the miles of telephone wire in the world total 155,337,500. Of this wire mileage, 55.58% is in the United States.

The average number of telephone calls over the lines of the Bell Telephone System last year was 31,000,000 daily.

A submarine telephone cable between the Australian mainland and the island of Tasmania has been completed and opened for service.

The Fejofa Tree

The fejofa (feijoa sellowiana) is a small tree of the myrtle family, sometimes 155 feet high. It is native to Brazil, Paraguay, Uruguay and Argentina and is closely related to the guava. The fejofa has olive-like leaves, glossy green above and silver gray beneath, and large flowers, white outside and purplish crimson within. The oval, dull green fruit is marked with crimson. It is about 2 inches long, with a translucent melting pulp and pineapple flavor. It was introduced into Europe in 1850, says the Washington Star, and brought to the United States about 1900, where it is widely planted in California.

Named "Newark"

Arkansas, California, Delaware, Illinois, Maryland, Missouri, Nebraska, New Jersey, New York, Ohio, South Dakota, Texas and West Virginia, have post offices named Newark.

Indigo From Coal Tar

Indigo used in tinting paints used to be made by leaching a small alfalfa-like plant which grew on the hillsides of India. Today it is obtained from coal tar.

A king pecks out of a window and loses his throne and his head....

A boy picks up a pin and becomes a millionaire....

A few grains of sand help cause the massacre of more than 200 people....

And these are only a few of the many interesting stories told in

Truscon Tru-Flo Self-Leveling Flat

TRUSCON Tru-flo used in conjunction with TRUSCON Tru-seal is the perfect combination two-coat system for new plaster or already painted plaster interiors.

Tru-flo supplies the demand for a wall and ceiling paint that can be applied to an absolutely uniform finish without "laps" or brush marks. It is a self-leveling flat.

When used on new work, in conjunction with Tru-seal as a first coat—a complete job of painting may be done in one day, consisting of a first coat of Tru-seal and a finish coat of Tru-flo applied 4 to 6 hours later; and the room used that same evening.

Tru-flo, in addition to its remarkable flowing qualities, presents a very dense and opaque finish. Although designed as a flat it is a much more washable coating than ordinary flat paint.

Tru-flo is carried in ten beautiful shades. Color charts are available.
