When You Exchange Lamps

please bring your electric bill

It is easy to exchange your burned out lamps for new ones at any Detroit Edison office. There is no charge for lamp renewal service. (The cost of lamp renewals is included in your electric rate). If your BURNED OUT lamps are not the sizes you wish, we will gladly exchange them for other sizes. The only requirement is this: When you exchange lamps, bring with you your most recent electric

This rule requiring identification through your electric bill is partly for your protection, since it keeps others who are not Detroit Edison customers from getting lamps which you pay for in your electric rate, Also, this practice discourages wasteful lamp renewals and provides the Company with the necessary records on lamps passed out.

The Detroit Edison Company will gladly advise you on the correct sizes of lamps for your needs. Keeping your sockets filled with lamps will mean greater comfort and convenience in your home, and will insure adequate light for safe seeing

Note: Lamps are renewed without extra charge only for residential and commercial customers paying lighting rates and in the following sizes: 25W, 40W, 60W, 100W, 150W, 200W, 30UW, 50UW, and 3-lite lamp 100-200-300W.
