**Larro**  
EGG MASH

**More Extra Eggs . . . MORE PROFIT**

A ton of Larro Egg Mash will feed about 50 hens for a year. Suppose it makes each hen lay only one extra egg per month. (It will actually much better than that.) But suppose they lay only one extra egg. That's 50 dozen extra eggs for the year from the flock . . . and at 30c per dozen those eggs mean \$15.00 extra profit for you from only one ton of Larro Egg Mash.

Larro Egg Mash may cost a little more than your present ration—but don't let that hinder you from feeding it when one extra egg per month from each hen will cancel a \$15.00 difference in cost.

We know you'll make more money if you feed the Larro way.

**RED CROSS AID TO MORE THAN 500,000 DISASTER VICTIMS**

**Large Urban Areas Devastated As Elements Hit 20 States East of Mississippi**

"The number of disaster victims assisted by the Red Cross during the fiscal year ended June 30 was more than four times the number aided in the previous twelve month period. Admiral Grayson, chairman, said in commenting on highlights of the annual report just issued. "Over 13,000 families were given food, clothing, shelter and medical care; 100 thousands of homes were rebuilt or repaired by the Red Cross to enable them to carry on."

Pointing to the many-sided problems created by the wide variety of types of disasters which occurred during the year, Admiral Grayson said, "The Red Cross sent hundreds of trained workers into 39 states to meet the many exigencies of catastrophes which included earthquake, epidemic, explosion, fire, hurricane, ice, landslides, refugee relief, shipwreck, tornado and typhoon. The Red Cross took charge at the scenes of 105 domestic disasters of major severity."

The report emphasized the marked value of Government-Red Cross cooperation when disaster strikes, giving as example the flight of Army bombing planes which dropped Red Cross food to marooned refugees at Reno, Pennsylvania, during the Spring floods. More than 10,000 persons were rescued from the second flood of homes in Wilkes-Barre and Kingston through Coast Guard-Red Cross cooperation at the height of these same floods.

"Government agencies and relief groups were of invaluable assistance to Red Cross relief forces at all times," Admiral Grayson stated.

The complete resources of Red Cross leadership, training and disaster experience were brought into play by the Spring floods and tornadoes which took so heavy a toll of life and property in eastern and southern states this year, the annual report reveals. The Red Cross aided 77,000 families in 14 flooded states east of the Mississippi and 6,000 families in 12 tornado hit states south of the Mason-Dixon line in this one operation.

"Never before have as many metropolitan centers borne the brunt of attack by wind and water in a single year, challenging Red Cross preparedness and efficiency by so wide a variety of pressing human problems," Chairman Grayson said.

In its work of relief to disaster sufferers the Red Cross expended in excess of \$5,200,000 for the year. The report points out that this figure does not include assistance given in 27 lesser disasters with a total of 2,000 persons aided, and adds that additional millions will be used to "clean up" Spring floods and tornadoes.

"Numerous local disaster situations occurring during the year were met by Red Cross chapter funds and manpower," Admiral Grayson said. "In each major relief operation undertaken the great army of Red Cross volunteers aided trained workers with the task of rehabilitating those without resources who had suffered losses."

"The Red Cross disaster relief service is one of many Red Cross activities supported by the American people through membership at the time of Roll Call, held each year from Armistice Day to Thanksgiving."

**Red Cross Nurses Combat Disease on Wide Front**

At the close of the fiscal year ended June 30, there were 673 Red Cross nurses bettering health conditions and caring for the sick in 604 communities. These Red Cross public health nurses cared for a total of 233,616 persons during the year and made more than a million visits on their behalf.

The annual report of the American Red Cross states further that these nurses cooperated with doctors in examining 97,657 school and pre-school children, with 242,351 physical defects found and curative treatment arranged in 209,080 cases.

In 375 Red Cross Chapters 1,733 graduate nurses taught Red Cross home hygiene and care of the sick, issuing certificates to 53,136 persons completing the courses. In addition, 1,777 Red Cross reserve nurses were called upon during the year for disaster and epidemic control work.

Membership in the American Red Cross last year showed an increase of 292,895, a total of 4,137,639 men and women enrolled, their dollars enabling the expanding Red Cross program of service to be carried forward at full strength. An increased membership is sought this year at Roll Call time, November 11 to 26, to meet the increasing demands upon the organization during 1937.

**WEST POINT PARK**

Mr. and Mrs. Marvin Addis, accompanied by Mr. and Mrs. Guard Parks of Detroit attended a Keno party and dance Saturday evening at the Harmonie Club.

Mr. and Mrs. William H. Zwahlen and daughter Shirley, Miss Alma and George Berger were Thanksgiving dinner guests of Mr. and Mrs. William D. Zwahlen of Detroit.

**"THANKS A MILLION"  
FOR MORE THAN A MILLION**

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of buyer preference it has ever enjoyed.

The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people.

And so again at this Thanksgiving season we say, "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry.

Consider, for a moment, all that you have done to inspire Chevrolet's appreciation during the past twelve months:

You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh time in the past ten years; you have given Chevrolet strong preference in every section of the country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 205,000 commercial units; you have made 1936 the most successful year in all Chevrolet history.

And now, to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937.

It is difficult to express adequate appreciation for gifts so great and so generous as these.

All we can say is, "Thanks a million" for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer.

CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN
