WHO ARE YOU?

The Romance of Your Name

By RUBY HASKINS ELLIS

A Bryan?

THE meaning of this name is a "dignity or honor" taken from the Gaelic word "br" and people in every generation and country who have borne the name have lived up to the responsibility imposed upon them.

There were many Bryans to come to this country during the early days of colonization and also at later periods. Most of these settlers were Irish but there is record of one Alexander Bryan who came from England and settled in Watertown, Mass. in 1608. He first located in Milford, Conn., where he served as governor's assistant.

George Bryan (1730-91), son of Samuel Bryan, of Dublin, Ireland, settled in Philadelphia. He was a prominent figure in the Revolutionary period, being an active member of the Stamp Act congress, chief

lawmaker of Pennsylvania and father of the Pennsylvania constitution of 1776. He was an ardent agitator of the emancipation of the negro slaves; served as president of the executive council and justice of the Supreme court.

There were also Irish Bryans who were descendants of the nobility. Living in Virginia earlier than 1700. Also Joseph Bryan, of England, who married Jeanette Cochran, and came to America in 1700 and settled in South Carolina. There are many descendants of these Bryans in the Southern states today.

No attempt is made to connect the lineage of the families given in so short a sketch but it is probable that they were remotely related.

There have been many Bryans in public life in recent times, who have and are still maintaining the "dignity and honor" of the family name, both in their private lives and in public achievement.

The late William Jennings Bryan, one of the best known public figures of modern times, was a worthy bearer of this splendid name; a living exponent of the Bryan motto, "foris et fidelis."

The arms shown above were granted to George F. Bryan, of Albany, N. Y., in 1876.

Mount Ararat Twin-Peaked Mount Ararat is a twin-peaked mountainous area situated where Armenia and Persia meet, south of the Caucasus range. It is noteworthy for its extensiveness rather than its height, the highest peak being something under 17,000 feet. The mountain is of volcanic origin. Its lower regions are inhabited and the summits have been repeatedly ascended and thoroughly explored. The usual statement that Noah's Ark rested on Mount Ararat has no foundation in the Hebrew text, which reads "on the mountains of Arrarat." In ancient times Ararat was the name of a district in eastern Armenia, and sometimes also for all Armenia and the mountain ridge in the southern part of that country.

Sunday school 11:30 a. m. It being the last Sunday before Christmas the final practice for the Christmas program will be conducted.

The Christmas Program under the direction of Mrs. Leo Gilde-meister will be presented on Christmas eve, at 7:30 p. m. You are invited to come and review with us the Nativity of our Lord.

Services Christmas Day 10:00 a. m. Rather than being the custom to attend Worship Service on Christmas Day, it seems to be the custom to not attend. To be absent from worship service on this day seems to me to be losing the very basis of our Christmas Religion.

I heartily urge everyone to find their way into the Church. I am positive that to spend one hour in the house of the Lord; singing praise and quiet meditation will have its most pleasant effect, to help make the anniversary of the Saviour's birth more meaningful by giving unto it the spiritual significance due it.

Those Year End Bills

January usually brings an accumulation of bills covering the many year-end expenses.

Clothing, fuel, insurance, taxes and Christmas presents are a few of the things that are apt to make the January total of bills rather staggering.

One way to be able to face this yearly accumulation of bills without a frown is to join our 1937 Christmas Club, now open for membership.
